

## **Appreciation Letter**

As we approach the end of 2025—one of the busiest and most meaningful times of the year—we would like to pause and express our sincere appreciation to the Place of Restoration Resource Center for the extraordinary support they have provided throughout this year. Although we have chosen to remain anonymous, we fully consent to sharing our appreciation publicly, as we believe your organization deserves recognition for the impact you have made.

Your commitment has touched the lives of many—especially the elderly community we serve, as well as numerous individuals and families with children who face daily challenges. The meals, resources, and personal care you help make possible have brought comfort, dignity, and hope to those who need it most.

Our budget allows us to contribute \$300 per month, and while this is given with a grateful heart, your organization has consistently extended services and support as though we were donating thousands of dollars or more. This remarkable level of generosity speaks volumes about your mission and the integrity of your work. You offer far beyond what funding alone can measure.

This year's Thanksgiving support, including the thoughtful treat that beautifully complemented our annual turkey drive, brought warmth and joy to many homes. Your help in launching our Christmas toy drive and our "essential-needs" initiative has also ensured that families will experience a season filled with hope and celebration rather than worry.

We cannot thank Mrs. Jackson and her exceptional team enough for their leadership, compassion, and unwavering dedication. Your organization exemplifies what true community service looks like—meeting people where they are and giving generously without hesitation.

Thank you for all you do. Your partnership is invaluable, your kindness is felt deeply, and your impact will be remembered.
