Technology Fee Policy

Overview

The purpose of this policy is to establish a schoolwide technology fee that ensures all students have access to safe, functional, and up-to-date technology resources. This fee will support device maintenance, replacement, instructional technology, and digital security across all grade levels. This policy and the technology fee amount will be reviewed annually by school administration and the advisory board.

Technology fee

Beginning in the 2026–2027 school year, the school will implement a schoolwide technology fee of \$100 per student per year for grades K-5 and \$125 per student per year for grades 6-8. This fee will be assessed via the school's online billing system. This fee will be reviewed annually and adjusted as needed based on costs and program needs.

Accountability & care

- Students and families are responsible for the care and safe use of the device, per the school's Technology Permission and Acceptable Use Agreement.
- Any repairs or replacements due to damage, loss, or neglect are the responsibility of the student/family.
- The school will provide basic troubleshooting and software support, but hardware issues due to misuse will incur repair costs.
- Devices will not be allowed to leave school premises.

Replacement cost

- In case of lost or damage beyond normal wear and tear of devices, the student/family is responsible for covering the cost of replacement.
