COMPANY OVERVIEW

Woods Enterprise LLC (WE LLC) is a Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering construction, facilities support, and Department of Defense field engineering services to U.S. federal agencies across CONUS and OCONUS locations. Founded by a U.S. Army and Air Force veteran with 15+ years of military and defense contracting experience, WE LLC operates directly in the Philippines through its OCONUS operations team, pairing military-grade discipline with hands-on field execution.

CORE COMPETENCIES

- Design-Build & Construction — commercial/institutional facilities, climate-controlled warehouses, OCONUS port and boat facility construction
- Facilities Support & Infrastructure — industrial HVAC/chiller coordination, preventive maintenance, custodial services
- Solid Waste Collection & Disposal
- DOD Field Engineering & Force Protection — Integrated Base Defense Surveillance Systems (IBDSS), tactical communications, elevated sensor platforms
- Subcontractor Oversight & Contract Administration — bid development, proposal management, full lifecycle compliance and quality control

PAST PERFORMANCE

Customer	Project	Period	Value	Outcome
U.S. Dept. of State — U.S. Embassy Manila	Underground communication & power cable replacement	Oct 2025 – Apr 2026	\$89,728.21	Completed subsurface cable replacement supporting continuity of diplomatic operations

DIFFERENTIATORS

- Veteran-led leadership — 15+ years U.S. Army & Air Force military and defense contracting experience
- Direct, hands-on IBDSS field support in Iraq, Syria, Kuwait, and Afghanistan
- Proven OCONUS execution — U.S. Embassy Manila underground cable replacement, delivered through in-country operations team
- Certifications: Security+, ITIL 4, Fiber Optics Installation, Fire Sprinkler Fitting
- Global & local reach — operating in the U.S. and through Woods Enterprise Philippines
