Capability Statement

Mass Construction Group Australia Pty Ltd

Introduction

Mass Construction Group Australia Pty Ltd is a leading concreting business with decades of hands-on industry experience. We specialise in delivering high-quality concrete solutions across **commercial, civil, and industrial sectors**. Known for our reliability, precision, and professionalism, we've built a strong reputation for exceeding expectations — from structural slabs and tilt panels to large-scale pours and complex site works.

Our focus is concrete — it's what we do best.

Our Services

- **Concreting Services**
High-quality concrete works across commercial, civil, and industrial projects, including slabs, driveways, footpaths, pool surrounds, and decorative finishes.
- **Concrete Pumping**
Reliable and efficient concrete pumping services for projects of all sizes — ensuring speed, accuracy, and site safety.
- **Tilt Panels**
Custom-designed and professionally installed precast concrete tilt panels for industrial and commercial developments.
- **Transport**
In-house tilt tray and float logistics for equipment and panel transport, ensuring timely delivery and reduced delays.

Core Competencies

- **Expertise**
Decades of experience delivering efficient and durable concreting and tilt panel solutions.

- **Quality & Safety**
A commitment to maintaining the highest standards in both construction quality and on-site safety practices.
 - **Self-Sufficiency**
Full control over plant, machinery, and logistics — minimising external dependencies and maximising project control.
 - **Adaptability**
Capable of managing diverse concreting projects from large-scale industrial pours to intricate panel placements.
-

Resources & Equipment

Our modern fleet and advanced machinery enable us to deliver with precision and efficiency:

- **Concrete Pump**
 - 40m RZ Zoomlion Concrete Pump
 - **Laser Screeds**
 - 2024 Ligchine Screedsaver Ultra Plus
 - Somero SR-4 Laser Screed
 - Somero 3D Profiler w/SPS730
 - **Trowels & Choppers**
 - 2024 Husqvarna CRT 60X (74 HP) Ride-On Power Trowel
 - Husqvarna CRT 48 MS (57 HP) Ride-On Trowel
 - Husqvarna CRT 48 PS (35 HP) Diesel Ride-On Trowel x2
 - Allen Ride-On Choppers x3
 - **Excavation & Site Equipment**
 - 2014 Caterpillar 308E2 CR Excavator
 - 2018 CAT 226 Bobcat
 - Kubota Tractor – Sand Machine
 - **Transport Fleet**
 - Tilt Tray / Crane Truck Combo
 - Prime Mover & Float
 - 10m³ Tippers
 - Site Support Vehicles
-

Why Choose Us

- **Integrated Service Delivery**
End-to-end concreting and tilt panel solutions with complete in-house capability.

- **Professionalism & Precision**
We deliver on time, on budget, and without compromising quality.
 - **Client-Focused**
We prioritise communication and collaboration to ensure your project's success from start to finish.
-

Recent Projects

- **Commercial & Retail Facilities**
Completed concrete slabs and tilt panel structures for shopping centres, warehouses, and retail spaces.
 - **Industrial Developments**
Delivered large-scale structural pours and tilt panel installations for logistics and manufacturing clients.
 - **Transport & Logistics**
Efficient delivery and movement of materials and panels across regional and remote worksites.
-

Conclusion

Mass Construction Group Australia Pty Ltd is a trusted and highly experienced concreting partner. With a track record of delivering consistent, high-quality outcomes, we combine expert knowledge, advanced equipment, and a results-driven approach to exceed client expectations.

Whether it's a complex tilt panel installation, a high-volume slab pour, or a detailed site setup, we deliver with confidence and commitment.

Let Mass Construction Group Australia be your trusted partner — building foundations that last.
