WELCOME TO XLBEEF

XLBeef Angus is a family-owned local stud that was established in 1995.

Since then we have based our heard on the best Angus genetics from around the world through AI and ET. With regular trips overseas visiting leading studs and ranches through our semen company Excel Genetics, we have been able to source the best of the best high performing Angus genetics from USA, and right here is Australia. On the Wednesday 30th of August 2023.

XLBeef Angus will be offering for sale 56 power and performance Angus cattle including:

37 yearling bulls aged between 12 and 16 months' old

8 yearling heifers 13 to 14 month's old

And 3 cow and calf units.

We are extremely proud of this year's sale draft and excited for our customers to be able to purchase breed leading genetics to fit a wide range of breeding programs. With sires such as, Montana Elevation 7108, SS Niagara, Varilek Geddes, EG Eyes On You, Texas Iceman, Southern Charm and our very own super sire Gunsmoke P8 just to name a few.

All sale cattle have been GEONOMIC'S tested with some outstanding results with a large percentage of the draft testing in the top 20 % of the Angus breed for multiple performance traits. This has given us great confidence in our breeding program and the animals we aim to produce for our clients.

From all the team at XLBeef Angus we hope to see you Wednesday the 30th of August 2023.

Nathan Steinbeck: 0467 694 256 Geoff Steinbeck: 0427 056 017

E: steinab@bigpond.com www.excelgenetics.com.au

SALE DAY SAFETY

All the sale animals have been screened for temperament and are quiet to handle under normal circumstances. As shown at our on farm field day, however there are inherent risks associated with cattle handling.

So please be aware sale day places extraordinary pressure on the cattle which may make them act differently then normal. If you would like help going through the bulls please ask.

VISITORS ENTER THE CATTLE PENS AT THEIR OWN RISK!
CHILDREN UNDER 16 YEARS ARE NOT PERMITTED IN PENS UNLESS ACCOMPANIED BY
AN ADULT.

TAKING NEW ANIMAL HOME

To help your new animal settle into their new home as well as possible, we recommend the following:

Our cattle run in a mob they have never been on their own. So it is a good idea to have cattle in our own yards when your new animal is delivered, to lower stress on the animal until they adjust to their new surroundings.

They don't like being on their own.

SALE INFORMATION

INSPECTION

Animals will be on display from 9.30am on the morning of the sale.

DIRECTIONS

There is a map on page one of this catalogue.

HEALTH

All animals have been vaccinated with 7in1 and 5in1.

FERTILITY

All bulls have been semen tested. They have also had a physical examination.

INSURANCE

There is no vendor insurance on the cattle sold. Buyers are reminded that it is their responsibility from the fall of the hammer to organise insurance.

REFRESHMENTS/LUNCH

Refreshments and a complimentary BBQ lunch will be available on the day.

DISCLAIMER

Every care has been taken during the compilation of the catalogue to ensure the accuracy of information supplied. However, no responsibility will be accepted for any errors that may have occurred.

PHONE BIDS

Mobile service is available on property. Please contact your agent to arrange this.

SELLING SYSTEM

On property auction. Cattle remaining in yards. TV's will have video of cattle. AuctionsPlus and phone bidding if arranged.

EXTRA CATTLE INFO

All cattle have been parent verified and have been 50k tested (Genomic Profiles).

REGISTERATION TRANSFER

Upon the request of purchaser, XLBeef are happy to transfer purchase free of charge.

ANGUS AUSTRALIA DISCLAIMER

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

PARENT VERIFICATION SUFFIXES

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

PV: both parents have been verified by DNA.

SV: the sire has been verified by DNA.

DV: the dam had been verified by DNA.

#: DNA verification has not been conducted.

E: DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

PUBLIC LIABILITY

Any person attending the sale does so at his/her own risk. All persons attending the sale release the vendor from all actions or demands due to any loss, death, damage or injury ocurring on the premises. The vendor is not responsible and has no liability for any death or injury to any person or any loss or, damages to any person attending the sale, their property or otherwise.

Comments: Montana Elevation has been one of our favourite go to sires for years now and calves like this is why. T38 is a very smart unit that ticks a lot of boxes and his Phenotype and structure are outstanding, strong pedigree and including one of our best M8. Well put together with a great spread of data including all growth NFI-F Angle and Leg EBV'S ranking him in the top 10%.

Comments: A very Stylish son of Geddes's he's out of M3 who was the mother of last years sale topper at 24k and is in the right direction again with T41 a smooth bodied calf with a real sire outlook and one we are reallu excited to see how he progresses. Pedigree, data and phenotype T41 has got the look.

Comments: If you are looking for a carcass sire, Look no further then T11 smooth bodied thick set calf with some real potential. The NVNQ36 over NVNP8 cows has worked extremely well for us and with several in the sale. T11 is backed by strong data super low birth and exceptional carcass. His RIB/P8 rank him in the top 1% EMA and IMF top 20%.

Comments: Our P8 daughters are outstanding and this one sure took abit of parting with. R60 is a real stunner a female with length, volume and thickness all the way through a real eye catcher in the paddock with a awesome temprement she love's a scratch. Maternal brother sold for 15K in last years sale. Sell with a bull calf at foot by our New Herd Sire Texas Katapalt. R60 is a nice package.

How to Register and Bid on AuctionsPlus

- Go to www.auctionsplus.com.au to register at least 48 hours before the sale.
- Fill in buyer details and once completed go back to Dashboard.
- 2 Select "Sign Up" in the top right hand corner.
- Complete buyer induction module (approx. 30 minutes).
- Fill out your name, mobile number, email address and create a password.
- AuctionsPlus will email you to let you know that your account has been approved.
- Go to your emails and confirm the account.
- Log in on sale day and connect to auction.
- Return to AuctionsPlus and log in.
- Bid using the two-step process unlock the bid button and bid at that price.
- Select "Dashboard" and then select "Request Approval to Buy".
- If you are successful, the selling agent will contact you post sale to organise delivery and payment.
