

iPad Expectations

When I use the iPads, I agree to be **responsible**, **respectful**, and **safe**.

Responsible

- I will only use the apps that my teacher has instructed me to use.
- I will properly get my iPad and return it to the appropriate place.
- I will only use the numbered iPad that my teacher assigns me.
- I will close all apps and return the iPad to its original condition when I'm finished.
- I will take care of the iPad by holding it carefully, and keeping it away from food or drinks.

Respectful

- I will only use the iPad at the appropriate time. When my teacher is talking or giving directions, I will not be on the iPad.
- I will not allow the iPad to distract me from learning.
- I will not use my iPad to record videos or take photos.

Safe

- I will never use the Internet to search material that is inappropriate for school.
- I will not change any settings, add, or remove apps.
- I will never allow the iPad to leave the classroom.

I understand that using the iPads during class time is a privilege; if I choose not to follow the above expectations, I will lose the ability to use the technology. I understand that I will be charged for any damage I cause to the class iPads and accessories.
