

Fire Safety

R – Remove

- Get yourself to safety. If safe to do so, press the Emergency Stop Button as you leave the area.
- Help move others away from danger if safe.

A – Alert

- Call 111 to notify Emergency Services immediately.

C – Contain

- If a vehicle engine is on fire, **do not** lift the bonnet – keep it closed.

E – Extinguish or Evacuate

- Never use water on a fuel or electrical fire.
- Only use a fire extinguisher if the fire is small and you're confident it's safe to do so.
- Keep people clear of the area until Fire and Emergency arrive.

D – Dial

- After calling 111, notify the g.a.s. Head Office on **0508 427**
