

Fuel Spill

What to do in the event of a fuel spill

R – Remove

- Get yourself to safety. If safe to do so, press the emergency stop button as you leave the area.
- Help move others away from danger if safe.

A – Alert

- Call **111** to notify emergency services if the **spill is over 10 litres**.
- If the spill is small or has drained call **0508 427 654 #1**

C – Contain

- If instructed when you've called 0508 427 654 #1
 - I. Locate the interceptor (under blue toby lid)
 - II. Lift handle and rotate to closed

D – Dial

- Call and advise g.a.s. Head Office 0508 427 654 #1
- The g.a.s. Head Office will call the Council Pollution Response team.
