TN Highway Safety Office Project Invitation to Participate (ITP)

CHASCo, in partnership with the TN Highway Safety Office, has received funding to enhance programming focused on alcohol education and impaired driving. CHASCo is seeking campuses to submit proposals for Spring 2024 programming opportunities. This funding can support programs on your campus related to preventing alcohol and other drug use, binge drinking and impaired driving. These projects would take place in the Spring Semester of 2024.

As a recipient, your institution is agreeing with the following requirements and timelines.

Programming Tasks:
- Develop and implement a campus-specific project, focused on alcohol education and/or impaired driving. Events will take place in Spring of 2024. All events and reimbursement requests must be submitted by June 7, 2024.

Administrative Tasks:
- Provide periodic updates to CHASCo via email.
- Institutions agree to complete an evaluation once your project is complete. You will have to submit the evaluation before reimbursement is issued. Evaluations will be due June 7, 2024.
- Agree to submit any posters/social media campaign images to director for review and approval before printing.
- Submit expense reimbursement forms and other related paperwork in a timely manner for your institution to be reimbursed for all approved expenses (Forms should be submitted to Kayce Matthews at matthews@ticua.org).

CHASCo will be able to provide the following to participating institutions:
- A connection to a graphic designer upon request.
- Up to $650 to support an event/project on campus addressing impaired driving or alcohol education. (Spring 2024).
- Technical Assistance from CHASCo which may include campus visits, collective conference calls to discuss ideas, or other assistance that may arise.

To apply for this one-time funding opportunity, please fill out this short form no later than December 1, 2023. Campuses will be notified on or before December 8, 2023, if they have been selected to receive this funding.

Please note that we are unable to purchase incentive or promotional items as a part of this grant. This memo issued by the NHTSA in 2016 details the allowable costs for the funding. We can cover the cost of food, rentals, event supplies, and some educational materials.

For more information, contact Kayce Matthews at matthews@ticua.org.
Goals and Objectives

There are two primary goals of this project. The first is to increase student education on preventing alcohol and other drug use, binge drinking and impaired driving. The second is to develop student leaders on the issue of alcohol and impaired driving prevention.

Goal 1: To Increase General Student Education on Preventing Alcohol and Other Drug Use, Binge Drinking, and Impaired Driving

Objective #1: Support campuses in developing programs focusing on preventing alcohol and other drug use, binge drinking, and impaired driving. Campuses will have the opportunity to apply for funding to implement programs utilizing a multitude of strategies including social media/norms campaigns, alcohol screening & intervention programs, alternative transportation programs, and general skills training on protective behavioral strategies.

Goal 2: To Develop Student Leaders by Providing Skills Training on Preventing Alcohol and Other Drug Use, Binge Drinking, and Impaired Driving

Objective #1: Provide training for student leaders to include topics such as Party Host Training, Peer Certification Training (NASPA), TIPS Training, and/or Bystander Intervention training. Campuses will indicate the training type that best fits their needs.
