Your Style

Choose your selfie pod style to suit your event. Having a vintage-style wedding? Our rustic wooden panels will fit in perfectly but if you want something more modern the pure white design is clear and simple.

Your event, your style—choose from many different designs

Print Designs

Our in-house graphic designer will create a custom print design for your event. This design typically includes your name, event date, and is themed to suit the occasion.. Typically, we offer 4x6" prints or double strip prints but other options are available.

These photos are then instantly printed after your photo session and a copy is uploaded to a secure online photo gallery.

Unlike other photo booth hire companies, this service is fully included in all our selfie pod packages and is just another reason why you should book Boothco for your next event.

Props

With a wide selection of props, guests will love creating the perfect photo.

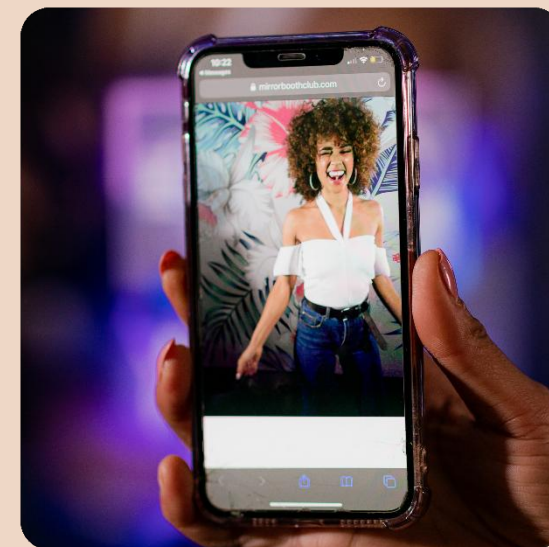

Album

Add your photo to the album during your event. Every time you use the photo booth two copies will be printed. One for the guest to take home and the other to go into the album. Write a personalised message with the supplied gold and silver pens.

Gallery

All your photos are uploaded to a secure online gallery. All images can be downloaded after your event using this link. Share this link with all the guests at your event.

Sharing

Using email or QR code, your guests can share their images directly from the photo booth to their mobile phones.

Backdrop

Optional Extra

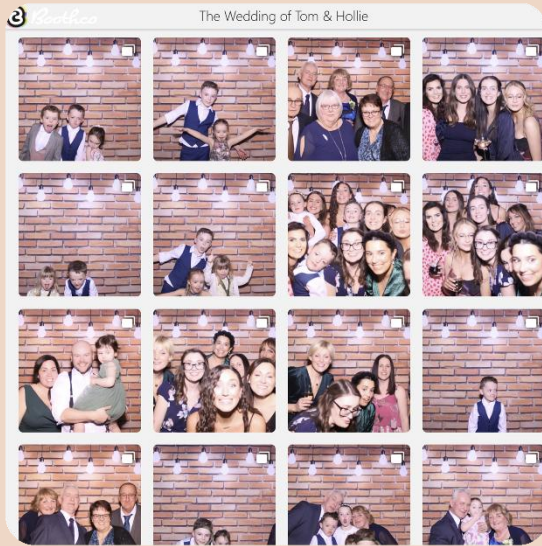

We have a huge selection of backdrops that pair perfectly with the selfie pod, to suit any style of event.

From vintage wood and LOVE heart themes that work well for weddings to funky pineapples and geometric gold ones for parties and celebrations, we have it all!
