

## Introduction

Optima Asset Management, Inc. (“Optima”) is an Investment Adviser registered with the Securities and Exchange Commission (“SEC”). We feel it is important for you to understand how advisory and brokerage services and fees differ to determine which type of account or service is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/crs](http://www.investor.gov/crs), which also provides educational materials about investment advisers, broker-dealers, and investing.

## What investment services and advice can you provide me?

As an investment adviser, Optima offers investment advisory services to retail investors which includes investment advisory services and financial planning. If we are providing investment advisory services to you through personal discussions in which your goals and objectives are established, we develop your personal investment policy and create and manage a portfolio based on that policy. We will regularly monitor your investments on an ongoing basis, as part of our standard services. Please refer to Item 4 of our Form ADV Part 2A for further information.

We manage accounts on a non-discretionary basis, which means we will obtain pre-approval when buying or selling investments in your account. You will sign an investment management agreement and limited power of attorney giving us this authority. This agreement will remain in place until you or we terminate our relationship. Please refer to Item 16 of our Form ADV Part 2A for further information. We do not limit our advice and services to proprietary products or a limited menu of products or investments. We have a minimum aggregate account size of \$1,000,000 but may waive this requirement at our discretion.

### Questions to Ask Us:

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications means?*

## What fees will I pay?

Please ask our representative to give you personalized information on the fees and costs you will pay. We charge an ongoing asset-based fee, paid quarterly in arrears. Our incentive is to increase the value of your account over time, which will increase our fees over time. Included is our schedule of fees.

Some clients may pay a negotiated fee that is different than the scheduled fee structure. Optima may from time to time enter into a fixed fee asset management agreement when acting as a consultancy. Any financial planning services provided to investment management service clients will be included in this advisory fee.

Portfolio Size	Fee Rate (Annualized)
Under \$3 million	.75% (75 basis points)
\$3 million - \$10 million	.65% (65 basis points)
Over \$10 million	.50% (50 basis points)

The broker-dealer (“custodian”) that holds your assets can charge you a transaction fee when we buy or sell an investment for you. These transaction fees are in addition to our advisory fee. You could also pay fees charged by the custodian for certain investments and maintaining your account. Some investments, such as mutual funds and exchange traded funds charge additional fees that will reduce the value of your investments over time.

February 28, 2023

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please refer to Item 5 of our Form ADV Part 2A for further information.

*Question to Ask Us:*

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you.

Optima's revenue is from the advisory fees we collect from our clients' accounts each quarter. We have an incentive to increase the amount of investments we manage which could bias our advice towards investing more rather than paying off debt or recommending you not have investments that we do not manage.

*Question to Ask Us:*

- *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are paid a fixed salary and receive compensation through their ownership in the firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and/or financial professionals do not have legal and/or disciplinary history. Visit [www.investor.gov/crs](http://www.investor.gov/crs) for a free and simple search tool to research our firm and our financial professionals.

*Questions to Ask Us:*

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information

You can find additional information about our investment advisory services on the SEC's website [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov) by searching CRD #106095.
