ACRYLIC PREMIUM

POWDER

Thin dust that allows optimal merging with the sculpting liquid.

Obtaining a more humid consistence, as the powder absorbs the liquid faster.

This fusion results in a rubbery texture that promotes strength, flexibility and filing.

A wider chromatic range, from 7 to 11 colours. With this we are able to adapt to any skin type, clients and construction techniques.

2 sculpting liquids:

ACRYLIC PREMIUM LIQUID

Our usual liquid

Medium Dry

New improved scent, decreasing the monomer smell

ACRYLIC PREMIUM PLUS

New sculpting liquid

Fast dry

New improved scent, decreasing the monomer smell.

ANTI-HARDNESS AND CALLUSES TREATMENT

ALOE

- Emollient, moisturising, anti-inflammatory and cell tissue regeneration accelerator properties.

4
ACTIVE
INGREDIENTS

B-GLUCAN

-Rebalances skin hydration, helping to maintain the skin's barrier function to combat external aggressions.

UREA

-It **enriches** the skin and **reduces** water loss through the skin, helping to maintain optimal hydration levels. In addition, it also has exfoliating power.

JOJOBA OIL

-It is easily absorbed and is excellent for **dry** or **mature** skin. Controls water loss through skin.

SHEA BUTTER

- Indicated to **moisturise** and **nourish** the skin, providing protection against external factors..

Foot Rescue is an anti-hardness treatment, which combines the action of our hardness softener with the Foot Rescue cream. Avoid calluses and ends with feet problems leaving them perfect.

On one hand, allows the removal of hard skin without cuts or files, in a painless and effective way, and on the other hand, it achieves maximum hydration, restoring good appearance to the most critical areas of the feet: heels, cracks and dryness.

“Foot Rescue” repairing cream

Specially designed to penetrate easily through a gentle massage and includes 4 active ingredients that enhance its effect.
