

Environmental Policy

Policy Statement

Easaway Drain Care (UK) Ltd T/A Easaway Environmental recognises that its business activities interact with the environment in a variety of ways. These activities have a significant impact in key areas, including:

- The generation of waste materials and fuel use.

The organisation acknowledges its responsibility to protect the environment, act as a responsible neighbour, and provide a sustainable workplace for its employees.

Objectives of This Policy

The Directors are committed to:

- Continual improvement in the environmental impact of its business activities.
- Preventing pollution.
- Complying with all relevant legal, customer, and third-party requirements.
- Establishing measurable environmental and business objectives consistent with the organisation's strategic direction and addressing associated risks and opportunities.
- Achieving objectives to help minimise environmental impact.
- Adopting best practices applicable to its activities wherever practicable.

Implementation

The organisation will achieve these objectives by:

- Implementing and maintaining an Environmental Management System that is independently certified as compliant with **ISO 14001:2015**.
- Employing processes that identify and assess the environmental impact of the organisation's business activities.
- Maintaining an environmental performance improvement programme to achieve organisational objectives.
- Ensuring employees, suppliers, and customers understand their role in supporting environmental commitments and objectives.
- Training employees in environmental protection practices and encouraging their involvement in environmental initiatives.
- Continuously monitoring the environmental impact of its business activities.

The implementation of this policy is fundamental to the organisation's success and must be supported by all employees as an integral part of their daily work.

This policy is publicly available to interested external parties upon request.

Compliance Statement

This policy aligns with the requirements of ISO 9001, ISO 14001, ISO 45001, and complies with Environmental, Health & Safety (HSE) regulations and UK Law.

This policy has been approved & authorised by:
