

CCRC Minutes
11/13/2025

Attendance: Board- Kathy Lowe, Darlene Sadowski, Tony Rosas, Talara Kumrow, Program Managers Mike and Kim Hott, Emily Wolf, R&P Candy Sample, Lisa Householder (nee Carroll),
Call to order 7:02

Introductions to Candy and the Board.

Minutes- TK motion, MH 2nd

Treasurer – We have money 43k. Soccer will likely have 7k profit. Motion TK, 2nd KH

Rec and Parks – New staff Candy Sample – Self help due beginning of Feb. Inclement weather policy for schools- Snow when schools are closed all R&P activities are canceled. If Snow emergency plan in effect Friday, Saturday all activities are canceled. IF in effect Saturday, Sat. and Sun. canceled. Fields closed Dec 1- Mar 15. LC-Community survey will be coming out for C4. Please share it as you like. KL running friends meeting on Tues. Will be taking nominations. W. Carroll rec is trying to keep a board together. They will be voting in April for new board members. LC brought up merging with C Carroll. TR- Taneytown, New Windsor, Union Bridge. Meet in NW. Use FSK. Runny Meade. NW Middle School. They have many programs, see website. KH 2 groups that don't want to do it, how does it stay open. LC county would also take over Charles Carroll Park if desired. Park legacy foundation is a place to earmark funds for specific causes, not go into Commissioners fund. R&P is looking to add additional programming to C4. Also looking to add an additional staff person. EW thinks there is no good way to advertise events in the building. To navigate through the entire R&P website to find things is difficult. LC if there was a separate C4 landing page that would be beneficial? EW yes. EW the building isn't open and isn't inviting during the day. CS hope is when I'm here the building will be more accessible. TK used to have the marquee. Now there is no way of advertising the programs. Use the News blast TK when do you need it LC 22 of the month, but it may be going away. KL we use FB but that only reaches limited audience. TK we don't have kids in public schools. Hope was toddler program would evolve into youth programs, but they typically don't stick. KL I think kids and adult programs will go with Candy here. EW everything that isn't far is still far. It's nice to have pickleball or other things really close. It makes a difference when travel time is minimized. TK men's drop in B-Ball was canceled, LC they didn't show up for 3 months so we pulled the permit. TK I didn't know that. Gym will be available at the beginning of April. LC isn't it just a group of friends, TK had 25 to 30 people, CS talked to them, they couldn't get enough participants. KH how do we find out about events in C4? LC calendar on the website. Specific to this facility. It had pickleball and periodic programs, nothing else county programming. Capacity of building 451 had special needs event with 250 ish attendees. "Club Vibe"

Basketball- Toddler 2nd week Jan

Pickle- EW- A little slower now that it's dark earlier, LC do you want to move earlier? EW don't think so due to amount of working people. It might be difficult to fill either way. In Jan for 6 weeks will go to 8-10p Would like to go back to 6-8 pm if program that is scheduled decides not to happen.

Soccer-Were done. They had 64 avg 50 each session. Many parents are asking about if we are doing it again. Seems like a lot of word-of-mouth getting people there. MH if we want to build teams for age groups. Need people that are willing to coach moving forward. No one wants to run a team. LC at that age you don't need to know a lot about the sport. MH but you need to be good with kids. KH feels like major fail on us. A whole season we didn't put out the rec council meetings. MH must be different way to engage them. TK I think we need marketing person. EW by the time you are done you it's difficult to move into conversations about rec council and needs. KH may be if they want their kids to continue. TK soccer should be promoting Toddler Basketball, Basketball promote t-ball etc etc. MH how does WUSA LC programs tell parents they need to step up, or your kid won't be on a team. Before practice starts. TK like to suggest we let people know LC programs advertised in guide. Can advertise in guide, TK that would be good. LC I'll let you know the deadline. LC when you do the registration do you advert need for volunteers? Can comp volunteers for their kids. EW have to reimburse them at end to make sure they stick it out.

Soft- Report sent and attached

T-ball- Spring

Old Business- KL do we know why people would fail background check. What do we do if someone fails background check? How do we let them know? CS- not sure. TK Lisa sent info of what to do if it happens.

NB – TR – shed at Cherrytown should cost under \$200 to upgrade door and hinges. KL sounds good. Approved.

KL presented EW with her VOY plaque and program. KH saw a post about lights on at sports complex. LC might have been getting the field ready. CS can turn it off from phone.

TK- motion to give a gift to our commissioners, coaches and volunteers at Christmas? KL 2nd TK gift card? KL yeah, a gift card would be good. KL \$50 TK 25, MH 25 agreed. Unanimously approved.

TR motion don't meet in December KL 2nd. Unanimously approved.

Motion- TR, DS 2nd. 820 adjournment.

Softball Report

Financials:

Expenses Fall 25 -\$6,678.06
Expenses to be reimbursed \$
