NB – VOY nominee who? Emily Wolf nominated by KL approved unanimously. EW-on softball field is tree surrounded by weeds is seedling from wye oak. Need to clean around it and protect it with maybe a fence or something. KL would be a great eagle scout project. No BS here. There are GS here. Also need a plaque or something to commemorate it. EW can we put it on the website? KL keep meaning to reach out to county to keep it from getting cut down. The hill was only grass in the past. Now its overgrown woods. Need to mark off the tree to keep it safe.
