Notes from Mrs. Marj

Welcome to today's performance "Let's Party!". The definition of party is most commonly defined as a social gathering for a celebration. Dancers frequently describe dance as the purest form of celebration; "a celebration of the body, a feast before our souls, offers light and joy," -Paul Valery. As we bring this 29th season to a close, let's celebrate the hard work and talent in all of the performances seen today.

Today, I celebrate the talent and dedication of these fine instructors; Danita, Jessica, Kyle, Megan, Corina, Kathryn, Jenn, Joely, Rowan, Chelsea, Courtney, Madison, Dave, Amelia, and Gianelle. Your teaching goes beyond choreography; you teach passion, a solid work ethic and the limitless possibilities each student beholds. Every class is a reminder to celebrate the success, the failure, and acknowledge the progress. Thank you!

To the Office Staff- Hana, Renee and Chrissie we celebrate each of you, everyday! You are the unsung heroes of our week and an integral part of our everyday existence. Thank you!

To the Student Assistants; to each and everyone of you, THANK YOU! Without your patience and kind care in each class each week, I know we would be lost.

To the Guest Instructors that keep things going in our absence and continually share their love of dance with all of us; Coco, Erinn, Dalila, Gianna, Jessica, Sarah, Ava, Dani, Liv, Anna and anyone that has stepped in to cover for even a minute - I appreciate you!

To my Graduating Comp Team Seniors- Amelia, Carleigh, Gianelle and Josie; CONGRATULATIONS! YOU DID IT! The day has finally arrived for us to celebrate YOU! Josie, our time together was not as long as I would have liked, but in 3 short years I've enjoyed every minute spent with you and hope you will think back on your time at CMC as one of the highlights of your high school career. Although you will be miles away, please visit 'cause I'll be waiting! Carleigh, the word that comes to mind when I think of you is "driven." You are unstoppable, confident and ready! So proud of you and your determination to juggle academics, sports and dance. My advice is to make time for dance; a team, a club or just dance in your dorm room, you will be happier for it. Gianelle, you have many talents. Trust in those gifts, trust in your ability. Enjoy yourself, the experience and dance like "no one is watching." I know that great things are ahead for you as you move onto this next chapter. You got this! Amelia, it has been a roller coaster ride, but you made it! You overcame injury, disappointment, and so much more. I hope you know how strong and resilient you are and will always continue to pursue what makes you happiest.

To ALL my fabulous seniors, I love you, will miss you and will ALWAYS be proud of you. Visit often!

To my beautiful daughters- Chelsea, Courtney, and Madison... I celebrate and thank God each day that I have been blessed to be your mom. I love you. Thank you Jorge, Jason, and Zachary for all the support and patience you give the "Taylor" bunch. Mateo, Gia, Dean and Wren, thank you for bringing so much happiness to my days, Nana loves you most, XOXO.

Dave, thank you for all that you do for our family, the CMC Family and the business. It was a challenging year, through sickness and in health; thank you for supporting me. I love you.

Now, let's get this party started and get on the floor!

Dance has always been my safe space, my second home, and one of the biggest parts of who I am. Over the past three years, CMC has become so much more to me than just a dance studio. It became a place where I always felt encouraged and supported no matter what kind of day I was having. The memories, people, and experiences I found at CMC are something I will carry with me always. Although my time at CMC has been short, it has changed me in so many ways. Walking into a brand-new studio as a sophomore in high school was honestly intimidating at first, and I never would have expected to make so many valuable friendships and memories that mean so much to me. This studio helped me become more confident in myself both on and off the stage. I have been pushed out of my comfort zone, taught to trust myself more, and encouraged to become a stronger version of who I was when I first walked through the doors. I am so thankful to all the teachers at CMC for believing in me; always pushing me to do better even when I doubted myself. I have learned so much from each of you, and those lessons will stay with me.

A special thank you to Miss Marj for creating an environment that has become my safe space. Your encouragement over the past three years helped me gain confidence in myself in ways you probably do not even realize. Thank you for always believing in me and helping create a place that so many of us consider a second home. I will always be grateful for your kindness, guidance, and everything you have done for me during my time at CMC.

To all the girls, thank you for all of the friendships that have made these years so special. I am so grateful for every laugh, every pep talk, every backstage memory, and every moment we shared together. The excitement before going on stage, the memories built together, and all the little moments in between are what I will miss most.

To my sisters, thank you for your unconditional love and support through every step of the way. I truly could not ask for better role models. I look up to both of you more than you will ever know. So much of the person I am today is because of your guidance, love, and constant support. Thank you for listening to me talk endlessly about dance and being the first to celebrate every accomplishment as if it was your own.

Lastly, Mom, I honestly do not think I could ever put into words how grateful I am for everything you have done for me throughout this entire dance journey. From the moment I started dancing at four years old, to me begging you to put me in competition dance, you have supported me every step of the way. You are the first person I tell whenever something good happens and the first person there to hug me tightly after I walk off stage. Thank you for being my biggest supporter, and the person who never stopped believing in me even during the moments when I struggled to believe in myself. Thank you for the endless sacrifices you made so I could continue doing what I love, for all the long drives, late nights, early mornings, competition weekends, and for standing beside me through every high and low. I truly would not be where I am today without you.

Next year, I will be attending High Point University in North Carolina, to major in Social Media and Digital Communications. I also plan on continuing to dance in their dance company. Although I am excited for this next chapter, leaving CMC will always be bittersweet because this studio became such an important part of my life. These past three years gave me so much more than just dance, and no matter where life takes me, CMC will always hold a special place in my heart!

My Beanie Boo,

Congratulations on an amazing senior season! Well done! I remember the day you relentlessly campaigned to become a competition dancer and I begrudgingly acquiesced. I had no idea then about the fun and adventures we had in store, or the wonderful friendships we'd make along the way. I wouldn't trade those days with you for anything (minus the dressing room fights, of course). They were truly special and will remain indelibly etched in my heart.

I have so loved watching you grow. It's remarkable to me how much you've blossomed, and we have so many people to thank who supported and believed in you (thank you all!). Your grace, determination, and talent have brought you so far, as has your lifelong gift for somehow becoming every ballet teacher's "favorite". Not an easy feat!

I am so, so proud of all you've accomplished, not only in dance but in all facets of life. Your work ethic, sense of humor, kindness, dedication (and sass!) will undoubtedly take you far in whatever life you choose. I can't wait to see what the future holds for you at High Point and beyond. Shine on, doll.

I love you endlessly. YMF!

Dear CMC Dance Company,

Dancing has been a part of my life for as long as I can remember. I started dancing when I was three years old and joined the competition team when I was seven. After high school, I will be attending SUNY Brockport, where I will major in Childhood Inclusive Education and minor in Coaching. I will also be playing field hockey and hope to continue dancing in some way. Even though my journey at CMC is coming to an end, I know dance will always be a part of my life because it has been such an important part of my story.

For the past fifteen years, dance has been my second home. Whether it was rushing to practice after school, spending entire weekends at competitions, traveling with my teammates, or simply sitting in the dressing room getting ready for a performance, every moment became a part of who I am today.

One of the greatest gifts CMC has given me is the friendships I have made. The girls I met through dance became so much more than teammates, they became family. We spent years standing beside each other on stage, but we also spent years standing beside each other through life. We laughed together until our stomachs hurt, cried together after emotional performances, and made memories that only we will ever understand. Some of my closest friendships were built within these studio walls, and I know those relationships will continue long after our competition days are over.

The memories I have made at CMC are memories I will cherish forever. I will never forget the excitement before stepping onto the stage, the nerves before awards, and the feeling of pride after giving a performance my all. I will remember the tears after our final performances, realizing that the group of girls I had danced beside for so many years would never share the stage together in quite the same way again. I will remember hugging each other, crying together, and trying to process how quickly the years had gone by.

I would not be the person I am today without the incredible teachers who guided me throughout this journey. Thank you for believing in me, encouraging me, and helping me grow both as a dancer and as an individual. Thank you for pushing me to be my best, even when I did not realize what I was capable of. I am so grateful for everything you have done for me over the years.

I also want to thank my family, who have supported me through every step of this journey. To my mom, for always doing whatever you could to make my dreams possible. To my dad, for always showing up with a smile, cheering me on, and bringing positivity wherever you go. To my grandparents, for never missing an opportunity to support me, whether you were sitting in the audience or watching online. I am so lucky to have such an amazing support system behind me.

As I prepare to leave CMC and begin this next chapter of my life, I know that saying goodbye will be one of the hardest things I have ever had to do. While I am excited for the future and all the opportunities ahead, a part of my heart will always remain at CMC. The lessons I learned here, the friendships I made, and the memories I created will stay with me forever. I love and will miss everyone more than words can express.

“How lucky I am to have something that makes saying goodbye so hard.” – Winnie the Pooh

Love,
Carleigh Colvin

Carleigh,

It's so hard to believe we are already here — your last year of dancing after starting this journey at just 3 years old. Watching you grow through the years has been one of the greatest joys of our lives. You have become such a strong, independent, and incredibly talented young lady, and it shows every time you step onto the stage. You shine in ways that go far beyond dance.

Dance has given you so many memories, lessons, and friendships that will stay with you forever. The bonds you have made and the moments you have shared will always be a part of who you are. We hope you always remember the hard work, dedication, and passion that brought you here.

As this chapter comes to an end, we know you are ready for the future and all the amazing things it holds for you. While it is bittersweet to see this journey end, we could not be more proud of the person you have become.

We will always be your biggest supporters and cannot wait to cheer you on in your next adventure. We are endlessly proud to call you ours.

Love always,
Mom & Dad

Gianelle DelConte

To my beloved dance studio family,

As the final curtain prepares to fall on my senior year, my heart is a whirlwind of emotions. Thirteen years. It feels like both a lifetime and the blink of an eye since I first stepped into this studio, a bundle of nerves and excitement, ready to begin a journey that has profoundly shaped who I am today. These past thirteen years have undoubtedly been the most enriching, joyful, and formative of my life, and that is overwhelmingly due to the incredible environment and community that you have all cultivated here.

This studio has been more than just a place to learn dance; it has been a sanctuary, a second home, and a place where I've discovered so much about myself. I've learned the discipline required to perfect a plie, the resilience needed to recover from a missed step, and the invaluable power of working together towards a common goal. I remember those early days, feeling awkward and unsure, and I also remember the countless hours spent refining routines, pushing past exhaustion, and celebrating every small victory with shouts of pure joy. We've shared not just the physical space of the studio, but also our dreams, our frustrations, and our unwavering support for one another. The friendships forged within these walls are unlike any other; they are the deep, authentic connection of a family that has grown, evolved, and thrived together. The echoes of our laughter during warm-ups, the whispered encouragements before stepping on stage, and the shared relief and elation after a performance are memories I will hold onto with immense fondness.

One of the absolute highlights of my dance journey has been the incredible opportunity to travel and compete alongside all of you. These trips were far more than just competitive events; they were immersive experiences that allowed us to bond on a deeper level. Exploring new cities, navigating unfamiliar venues, and sharing hotel rooms transformed into opportunities for inside jokes, heartfelt conversations under the stars, and a collective spirit of encouragement. Whether we were celebrating a stunning routine, offering comfort after less than perfect performance, or simply enjoying downtime together, these moments cemented our bonds and created a rich tapestry of shared memories. We became a cohesive unit, a traveling dance family, and that shared experiences amplified the joy and the learning for all of us.

As I prepare to take my final bows here, I am filled with an overwhelming sense of gratitude. Gratitude for the instructors who have guided me with patience and passion, pushing me to reach my potential while nurturing my love for dance. Gratitude for my fellow dancers, past and present, who have been my partners in crime, my motivators, and my biggest cheerleaders. Thank you for the moments of shared struggle and triumph, the encouragement, and for making every practice, every rehearsal, and every performance a joy.

Thank you to the families and the studio administration who have supported us all, creating this wonderful environment. I will miss the energy this space, the camaraderie, and the feeling of belonging that has defined so much of my adolescence. While I am excited for what the future holds, a significant piece of my heart will always remain here, dancing with all of you.

With my deepest love and endless appreciation,

- Gianelle Delconte

Gianelle,

Watching you grow through dance has been one of our greatest joys. Your dedication, strength, and passion have filled countless hours with pride, laughter, and unforgettable memories. Once upon a time you wore tiny ballet shoes to tonight at your senior spotlight, you danced with heart every step of the way.

As you take your final bow on this stage, remember that the confidence, discipline, and friendships you gained through dance will stay with you forever. We are so proud of the incredible young woman you have become and cannot wait to see where life leads you next.

Keep shining, keep dreaming, and NEVER NOT DANCE AGAIN!

With all our love,
Mom & Dad

CMC Dance Company- friends, a team, a big family. Over the course of the past 18 years, when I reflect on the most crucial moments of my life, I think about the dance studio. From learning ballet positions to what it means to be a good teammate; this place really had it all. I learned about carrying myself with grace and poise while navigating being a high school athlete. The studio taught skills that I can carry on into my future. Late night studying in the lobby between classes demonstrated the dedication of everyone at the studio. We were taught to balance our schoolwork while also spending countless hours working to perfect our craft.

The teammates that I got to grow up with gave me a second home. I was lucky enough to call these girls my sisters. We spent every night running our dances, learning new choreography, as well as practicing our technique. Even on the days that we were exhausted and knew that a long night was ahead, we were able to lean on one another to push through it with a maximum amount of strength. Not only were these girls my teammates, but they also became my best friends. Countless hours spent at the studio and competitions showed us the importance of leaning on one another for support even when we were tired. I was so grateful to meet my lifelong friends through a studio that was so welcoming.

The teachers at my studio demonstrated the importance of finding good role models. My teachers were all extremely invested in the dancers, even when coming from another job or role. They always came to dance with a positive attitude, plan for the day, and plenty of new choreography destined to do well. Throughout my time at the studio, I was able to form extremely tight-knit relationships with each teacher. When I would come into class, I loved that I was always greeted with a smile or a positive remark. The energy in the studio is always electrifying. Everyone is happy to be doing what they love in a place that is like home. Whenever I needed someone to lean on or cry to, I was able to come straight to the teachers that taught me since I could walk. I have always felt safe, valued, and loved at CMC dance company and it has given my life so much purpose.

In continuation, Mrs. Marj has been the woman who ran it all. Sitting behind the desk, teaching classes, and making sure everyone was ready at competitions. She always makes sure to check in on students when they are absent or having a rough day, and she's the most understanding person I know. With such a stressful job, it is fascinating that she is able to make everyone around her extremely happy. She loves each and every one of her students more than anything, which is very apparent within the way that she runs the studio. I have been so grateful to dance at a studio that is owned by such a caring human being.

I am beyond thankful that I got to carry dance into my life for as long as I can remember. Throughout my time here, I have gotten to compete with two of my siblings. This changed my viewpoint on dance; it changed from a sport to a lifestyle. My life has revolved around dance; my schedule, competitions, and rehearsals. Most people would complain about long practices, but I looked forward every day to getting to go to dance after a stressful school day. This gave me a place to let out any stress and emotions into my passion for dance.

When asking someone to describe me, the most common describing factor would be dancer. That is because this studio gave me something to proudly discuss with any person that I come into contact with. I always believed that dance would be a fun activity, but I never realized that it would make me who I am today.

Thank you for everything CMC Dance Company, the past 12 years meant more than anything to me.

LOVE, Amelia Jones

Dear Amelia,

We can't believe we're at your final performance. Watching you grow as a dancer and as a person has been one of our greatest joys. While this may be your last show, the lessons that dance has given you will stay with you for life. Your hard work, sacrifice, teamwork, and commitment have shaped you into the remarkable young woman you are today.

Night after night, you showed up to rehearsals, often giving up other opportunities because of your dedication to your team and your goals. That kind of commitment will take you far in whatever path you choose. Dance has also taught you the importance of collaboration, knowing that every role, big or small, matters to the success of the group.

Most of all, we hope you always remember the love and support you found in your teachers, teammates, and the entire CMC family. The friendships, memories, and lessons you've gained through dance will continue to guide you as you begin this exciting next chapter.

Here's to you, our beautiful girl, one last time.

Love always, Mom, Dad, Kennedy, Rendell & Frank

It's Recital Day!

We've worked all year long to show you what we can do.

- Please refrain from using flash photography/video during the performances.

*The flash not only hurts the performers' eyes
but also affects our professional videography.*

- Please do not record performances from your seat as you'll block the view of the people seated behind you.
- Please silence ALL electronic devices.
- Please enter and exit the auditorium only in between performances.
- Performers can see you moving and talking in the audience.

Please respect them by not speaking during their routines.

- Absolutely NO SMOKING or VAPING ANYWHERE on school campus.

Thank you for following these rules while you enjoy our shows!
