FORGE Creative Co. Accessibility Statement

Last Updated: 2/12/26

FORGE Creative Co. is committed to providing a website experience that is accessible to the widest possible audience, including individuals with disabilities. We believe accessibility is an essential part of good design and a stronger, more inclusive web.

We are continually working to improve the accessibility and usability of our website and to align our practices with recognized accessibility standards.

Accessibility Standard

FORGE Creative Co. aims to conform to the **Web Content Accessibility Guidelines (WCAG) 2.1, Level AA**, which is the most widely recognized standard for accessible web design.

Our Approach to Accessibility

Our website is built and maintained using the **Duda website platform**, which includes accessibility-supporting features and tools. In addition to platform-level functionality, FORGE Creative Co. applies accessibility best practices in the way we design and publish content, including:

- Structuring pages with clear headings and logical content flow
- Using readable fonts and appropriate spacing
- Maintaining sufficient color contrast whenever possible
- Providing alternative text for meaningful images
- Supporting keyboard navigation for key interactive elements
- Designing pages to be responsive across devices and screen sizes

Ongoing Improvements

Accessibility is an ongoing effort. We regularly review website pages, update content, and adjust design elements as needed to improve accessibility and reduce barriers.

Because websites may include third-party content (such as embedded maps, forms, social media widgets, scheduling tools, or other integrations), some elements may not fully meet accessibility standards in every case. When we identify accessibility barriers, we work to address them or provide alternatives when feasible.

Need Help Accessing Something?

If you have difficulty accessing any part of our website, or if you need information in an alternative format, please contact us and we will work with you to provide a solution.

When reaching out, please include:

- The webpage address (URL)
- A description of the issue
- The device, browser, and assistive technology you are using (if applicable)

FORGE Creative Co.

Email: jeremy@forgecreativeco.com

Phone: 507-401-4030

Location: Granite Falls, Minnesota

We will make reasonable efforts to respond promptly and provide accessible alternatives whenever possible.

Feedback

We welcome your feedback on the accessibility of our website. Your input helps us improve and better serve our community.
