GOLF CART/VEHICLES MAY NOT BE DRIVEN IN RESTRICTED AREA

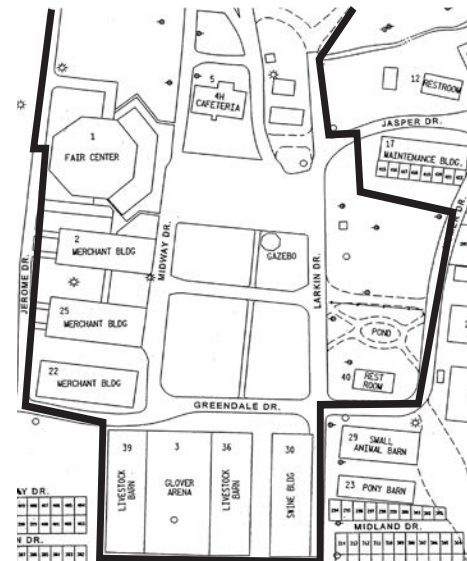

ORV/Golf carts/vehicles violating the parking rules will be impounded or removed from the grounds. No first warning will be given. The penalty for campers who violate automobile rules may be the loss of their campsite.

ORV/GOLF CART/VEHICLE RULES

ORV/vehicle rules are in effect Saturday at 8:00 am and enforceable when the vehicle is unloaded at the fairgrounds. All ORV/golf cart/vehicles must be registered at the fair office and purchase a permit at a cost of \$100.00 at the fair office. Permit must be visible and displayed on ORV/ golf cart/vehicle.

All those registering ORV/ golf cart/vehicles must possess an insurance policy that provides \$300,000 liability insurance coverage for operation of the vehicle on the fairgrounds. The written document of this coverage must be submitted when the vehicle is registered (Email: info@midlandfair.net). All golf cart/vehicles must be operated in a safe and orderly manner. Operators of golf cart/vehicles must have a valid driver's license. The operator may not transport more individuals than the vehicle has manufactured seats for. For example: if it is a quad with seating for one - then only one person may be on the vehicle. If you are hauling a small trailer behind the vehicle it can only be used for feed or equipment, etc. Not for hauling people. Vehicles may not be driven in restricted areas.

Golf cart/vehicles may only be operated between the hours of 6:00 a.m. and 8:00 p.m.; except for those vehicles operated by authorized personnel or by special permit. Handicap permits are available; when in use after the hours listed above the handicap vehicle may only be used for bath room or essential business and must be occupied by the person who the permit is issued to. No recreational or sightseeing usage allowed. NO WARNINGS WILL BE GIVEN. If any of these rules are broken the vehicle must be removed from the grounds or immobilized. Failure to do so may result in expulsion from the grounds and/or loss of campsite.

**THE RESTRICTED AREA IS
OUTLINED ABOVE. YOU MAY NOT
DRIVE GOLF CART/VEHICLES INSIDE
THE OUTLINED AREA.**

ATTENTION FAIR EXHIBITOR

If you wish to pre-register last year's campsite, you must do so by or before March 1, of that Fair year regardless of the day it falls on. A pre-registration letter will be sent to you in February.

All remaining lots will be sold by a lottery system at 9:00 a.m. the first Wednesday in June of that year at the Fair Office. Entry into the lottery drawing must be by or before May 31, of that year regardless of the day it falls on. The fair office is closed on Saturday & Sunday, with the exception of fair week.

Due to increased traffic, space and safety problems in the Exhibit and Show Areas, the following rules have been adopted by the Fair Board. No motorcycles, skateboards, bicycles, push scooters, non-handicap mobility devices, or roller blades/skates are allowed on the grounds.

No vehicles in buildings. No smoking or vaping in buildings.

FIVE (5) MILES AN HOUR SPEED LIMIT ON GROUNDS

Also available is a Weekly Vehicle Pass for the week. This allows you to park in regular parking areas.

No trailers, tents, or other camping vehicles will be allowed on campsites until 6 a.m. Thursday preceding fair except for authorized personnel.

Consistent with the National Fire Protection Agency code, it is recommended that you place your camper hitch towards the road. This will help with access in the event of an emergency.

The Midland Fair Board is committed to delivering an annual county fair for our youth and our community. The Midland Fair has worked with state and local agencies, including our local health department, to implement guidelines moving forward. By participating in or entering the facility for any event or purpose, you acknowledge and understand that your participation may pose some unavoidable risks to you, your child and your family due to any pandemic or environmental risk. The Midland Fair Board reserves the right to modify the annual fair in any way necessary to ensure compliance with state and local requirements.

EXHIBITOR RULES AND REGULATIONS

Camping Rules on page 94

Pets will be allowed this year... see new rule on page 94, Rule #11.

No excessive noise in the camping areas will be allowed after 12 midnight.

No alcoholic beverages are permitted on the Fairgrounds outside of the immediate camping area.

Deadline for all exhibits is July 25th, regardless of the day of the week it falls on. No changes will be allowed in departments, divisions or classes after close of entries on July 25th.

Exhibitors cancelling after July 25th will forfeit stall and entry fees.

In the event of space limitations Midland County residents will be given preference.

Exhibitors or individuals wishing to request an addition or change to any department must have the request in writing turned into the Fair Office between September 1st through November 1st of the current year.

Do not enter Best of Show or Champion classes.

Exhibitors are required to comply with all of the statutory and regulatory provisions of the State of Michigan relating to animal health outlined in Public Act 66 of 1998 as amended. Health requirements for livestock can be obtained by downloading them from the www.michigan.gov/mdaexhibitinfo.

The Management of the Midland County Agricultural and Horticultural Society reserves the right to reject any entry for just cause. Additionally, rules set forth by the Midland County Fair take precedence over any other organization.

Ribbons and/or rosettes will be awarded in all classes unless otherwise specified. Only judges' books will be used as evidence for payment of premiums. Ribbons and tags are not accepted. All judges' decisions are final.

Premium checks must be cashed within 90 days, any uncashed checks by the end of one (1) year from issue date will be considered a donation to the Midland County Fair.

The Supt. of each department has the authority to arrange and assign space to each exhibitor and to maintain order in the department. All stalls, pens and other exhibits shall be kept clean. Failure to do so may necessitate forfeiture of premiums.

Any animal penned or stalled must be shown in at least one class. Except for exhibition animals.

No animal may be unloaded into barn until they have been checked in.

All exhibitors, regardless of ability, are welcome to participate in any standard (non-Exhibitor with Disability) class. If an individual requires additional assistance or reasonable accommodation(s) to compete, they are encouraged to communicate with the department superintendent in advance so that appropriate support can be arranged.

Exhibitors entering Fair Exhibitor with Disability (EWD) classes must submit the required documentation with their entry. The policy and supporting documents can be found at the Youth Exhibit Office, Fair Center, or online.

Participation in EWD classes within a department limits entry to only those designated EWD classes in that department. Exhibitors who choose to show EWD classes in one department can show regular classes in other departments. However, exhibitors with a project animal that must enter a weight-defined market class may enter both the EWD class and the regular market class. Superintendents will work with exhibitors to accommodate any necessary support. Those exhibiting still exhibits should coordinate with the appropriate superintendent to arrange any accommodation needed. All exhibitors projects are subject to the rules of the Fair and departments (including but not limited to stalling and care).

All animals must be fed and watered, stalls cleaned and feed pans removed by 10:00 a.m. and in the evening by 7:00 p.m.

Exhibitors using fans at fair must use industrial grade cage fans.

Dairy, beef, sheep and goat exhibitors must use either straw or processed shavings for bedding. Swine exhibitors must use processed shavings. Superintendents reserve the right to have exhibitors remove improper bedding.

All sheep, goats and swine must bear official USDA identification. All cattle must bear an official RFID ear tag. A current negative EIA (Coggins) is required for any equine species exhibited; a test is current if it was done since July of last year by a licensed accredited veterinarian. A copy of current negative EIA must be attached to the fair entry form. Any Exhibitor who is found to be in violation of these rules will bear the sole responsibility for any fines assessed by MDARD.

All animals must have proper ID when checked into fair. (exception equine)

Exhibitors may enter multiple project animals into a class, the exhibitor however, may only enter the physical class one time, they must have someone else show the other project(s) in the entered class.

Back numbers are assigned to the person that entered the class, not the project/animal being exhibited. If said exhibitor has multiple entries in a class, that exhibitor will use the same back number with the alpha

added to the back (e.g. 1234A, 1234B, 1234C).

Exhibits in all departments must remain in place until the designated release time. Failure on the part of the exhibitors to conform with this ruling will result in revoking of premiums.

Sick or injured livestock exhibits will be released only by the Department Superintendent prior to the designated time.

On closing Saturday of fair horses and ponies must be stalled between 6:00 p.m. and 8:00 p.m.

Exhibit building exhibits must be current work and have been done since last year's fair unless otherwise noted. Collections must be added to annually and have at least one half of exhibit new. All crops, vegetables and flowers must have been raised by exhibitor.

Exhibit Building entries will be released Sunday following fair between 8:00 a.m. and 12:00 noon. Any items left after that time may be picked up Monday after 9:00 a.m. The Fair will not be responsible for any items not picked up.

Protests – All protests shall be in writing and signed. Must be filed with the fair office within ten days of the close of fair. This protest will be sent to the proper committee for investigation and recommendation. The recommendation is presented to the full fair board for a decision. The exhibitor has 45 days from the date the protest was filed to file an appeal to the fair board's decision with MDARD. The department has 60 days to investigate the appeal and issue a report on the findings.

No drugs may be administered to animals without the consent of the Department Superintendent. If anyone is caught giving drugs without the consent of the Department Superintendent, the resulting action will be that the exhibitor showing the animal that was given the drug will be banned from showing that animal species again at the Midland Fair. Additional actions may be taken by the Midland County Fair board if warranted upon investigation and review.

Drug testing policy: The Midland County Fair board reserves the right to conduct drug testing of livestock and equine whenever it considers necessary. Animal may have blood and/or urine samples taken immediately following judging.

Exhibits in all departments must remain in place until the designated release time. Failure on the part of the exhibitors to conform with this ruling will result in revoking of premiums.

Sick or injured livestock exhibits will be released only by the Department Superintendent prior to the designated time.

On closing Saturday of fair horses and ponies must be stalled between 6:00 p.m. and 8:00 p.m.

Exhibit building exhibits must be current work and have been done since last year's fair unless otherwise noted. Collections must be added to annually and have at least one half of exhibit new. All crops, vegetables and flowers must have been raised by exhibitor.

In the case of a disease outbreak and/or quarantine, the premiums may be held. MIDLAND COUNTY FAIR - 2025 CAMPING POLICY

1. Campers may set up their camping vehicles or tents on their lots starting at 6:00 a.m. on the Thursday prior to the fair. You are not allowed to plug in to electricity or start camping until 8:00 a.m. the Saturday morning prior to the fair. Electrical capacity for campers is limited to available receptacles and your lot is entitled to one receptacle. Do not zip tie or tape your electrical cord to the receptacle until 8:00a.m. on the Saturday prior to fair. Please put a Contact Name & phone number in the window of unit.
2. Those renting lots are responsible for any legal or illegal activity or other actions deemed unsuitable by the camping committee such as underage drinking or excessive noise. No alcohol is allowed outside of the designated campground sites. This will result in loss of the lot and you will be asked to vacate the lot and fair premises immediately.
3. Be sure to stay within your lot boundaries. This includes slide-out units. You will be required to move your camper if it is parked incorrectly or creates a safety hazard. If you are unsure, please ask the camping committee located at the Fair office during designated set-up hours for assistance.
4. A lot must be occupied with a trailer or a tent that allows occupancy the entire week. A canopy, picnic table, etc. will not be sufficient for the lot to be considered occupied. Any lot that is deemed unoccupied by fair management for two consecutive years will be lost and placed in the lottery system. Camping units must be removed by 3p.m. Sunday after Fair.
5. You may not sublet your lot to others or allow others to camp in your place.
6. Consistent with the National Fire Protection Agency code, it is recommended that you place your camper hitch towards the road. This will help with access in the event of an emergency.
7. Campers should use an approved freshwater hose when connecting to the water source. You cannot stay connected to the water source during fair. Fill your camper and unhook the hose from the hydrant.
8. The camping fee of \$200.00 does not include use of the dump station. The fee is \$10 for each use and can be placed in the drop box at the station or paid in the fair office.
9. No open flames (campfires, fire pits, candles, etc.) allowed in the campground or anywhere on the fair premises. Grills can be used if gas, electrical, pellet, or charcoal. They must be always attended.
10. No skateboards, bicycles, scooters of any kind, remote control devices, drones or roller blades are allowed in the campground or anywhere on the fair premises. Motorcycles follow the same parking rules as passenger cars and must park in the appropriate parking lot.
11. Only Registered Pets are allowed at the campsite, no others except service animals. If your pet is not registered with the office, they are not allowed to be on property, this includes emotional support animals. Violations of this rule may result in the loss of your campsite. Registered pets are \$50 each and must adhere to the policy. This is a one-year trial bases test for 2025. Those registered pets must stay at the campsite unless taking them to the vehicle or the designated walking area near the dump station and the area along the west end of army fence. No registered pets are allowed in barns or buildings (unless showing in a designated Fair book Department). All registered pets must always remain on a leash.
12. Exhibitor passes are only to be used for delivering supplies. Vehicles with these passes should not be left unattended. Please drop off supplies and return to your regular parking area.
13. Vehicles should park in designated campsite parking lots. The fair issued vehicle parking pass MUST be always visible in the windshield. ORV/Vehicle rules are in effect Saturday 8:00a.m. of fair.
14. ORVs can be operated between the hours of 6:00am – 8:00pm. The speed limit for ORV is 5 MPH. If you need to be out after hours, you can get a special permit from the Youth Office.
15. No vehicles or ORVs are allowed in buildings or barns.
16. Vehicles violating the parking rules may be impounded and a fee may be required for the vehicle's return. ORVs are not allowed to park in designated car parking lots. NO WARNINGS WILL BE GIVEN.
17. ORV rules, as posted in the fair book, are in effect when the vehicle is unloaded at the fairgrounds. ORVs must purchase a \$100.00 permit from the Fair Office and be insured under a policy that has the campsite person's name on it. Policy must provide \$300,000 liability insurance coverage for operation of the ORV on the fairgrounds. The permit must be displayed on ORV and be visible. The written document of coverage must be submitted when the ORV is registered at check-in time at fair. See detailed ORV/Vehicle Rules & Restricted Driving Area posted in fair book.
18. The penalty for campers who violate camping rules, ORV rules or vehicle parking rules could be loss of their campsite and removal from the grounds.
19. No smoking or vaping in any building or within 20 feet of the buildings.
20. The Midland County Fairgrounds assumes no liability for loss or damage to the property brought to the fair. Camper will indemnify and hold the Fairgrounds harmless from all loss or damage to camping property, including, but not limited to damage resulting from fire, theft, vandalism, or malicious mischief. Notwithstanding such provisions, should liability be attributed to the Fairgrounds, the limit of such liability shall be the amount of camping fees paid to the Fairgrounds.
