# TORNADO AND STORM SHELTERS - MODULAR WALK-IN VAULTS

*Protect Your Family and Possessions From the Unexpected*

**Shelters Built to Exceed  
FEMA and ICC Standards**

**Truly Modular Shelters.**  
Can be built to virtually any size.  
Shelters can be installed in existing  
space - even in a closet!

## Turn Your Storm Shelter Safe Room in to a Armory Vault

Quick Secure Access to Your Weapons.

Custom Vault Room with pistol  
holders, lights and electrical outlets.

Configure your shelter any way you  
want. Add electrical, ventilation system  
and 2300° Fire Blanket.

**Vault Pro Shelters are Proudly Made in the USA**

# EMERGENCY ESCAPE HATCHES FOR SAFE ROOMS & STORM SHELTERS

Get added security with an Emergency Escape Hatch for your Storm Shelter Safe Room.

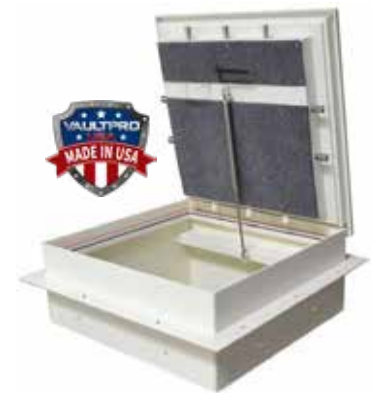

Safe Room Emergency Escape Hatch with 1½" Locking Bolts & Inside Quick Release handle.

**Emergency Pro  
Escape Hatches  
are built to exceed  
FEMA 320, 361  
and ICC-500  
recommended  
standards.**

Escape Hatch with Pneumatic Quick Release.  
Hydraulic Hatches Available.

An Emergency Escape Hatch provides a secondary means of escape should the primary exit from a shelter or safe room become blocked, unusable or unavailable. Every Storm Shelter Safe Room should have an Emergency Pro Escape Hatch.

Roof Hatches for Commercial  
and Institutional Installation

Prepare for the unexpected. Add an Emergency Escape Hatch to your storm shelter or safe room to provide a secondary means of escape.

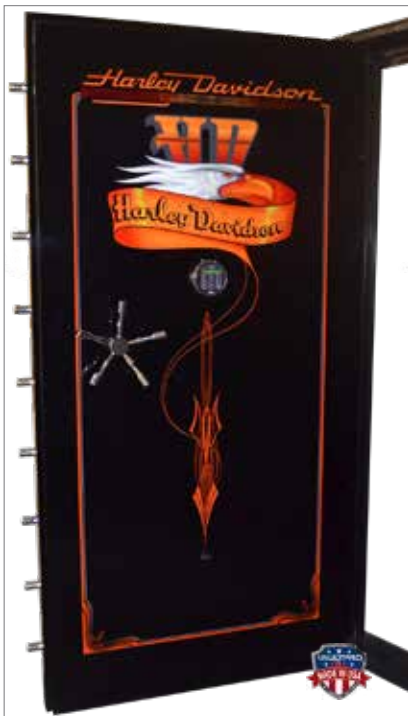

**Vault Pro Escape Hatch Doors are the preferred choice for government and private sector installations.**

## CUSTOM VAULT DOORS AND ART DESIGN

*Vault Pro USA Specializes in High End Custom American Made Vault & Storm Shelter Doors.*

Looking for a custom vault door installation? Let Vault Pro help you create the perfect vault door customized for your home or business. Our team of American craftsman can not only build a custom vault door for your storm shelter or walk in vault room, they can also personalize the look of your door. We can paint your vault door in virtually any color. Add your initials, favorite team logo or business identity to any vault door.

Custom Vault Door with Harley Davidson motif.

Bring Your Concept to Us  
We'll make it happen.

2nd Amendment Custom Art

Add your initials, favorite team logo or business identity to any vault door.

One client, two doors. This client wanted something special for his game room, which is tricked out to look like an old mine. This Titan series door got the full Hollywood treatment and is aged to look like it's been underground for a hundred years. The second Titan door (below) also features the family coat of arms and custom art.

## CUSTOM STORM SHELTER - SAFE ROOMS

Vault Pro Safe Rooms and Tornado Shelters are built to FEMA 320, 361 and ICC 500 standards using a minimum of 3/16" (7 gauge) reinforced steel and can be upgraded to an even thicker 1/4" (3 gauge) reinforced steel for added protection.

Truly Modular Shelters can be installed almost anywhere.  
Great for retrofit or new installations.

Our modular shelters can be shipped virtually anywhere.  
Assembly is simple.

***Solid Security as Easy as 1,2,3***

Fully Modular Walk-in Vault Rooms  
and Emergency Storm Shelters

Interiors can be configured any way you want.  
Your Safe Room is also a Walk-In Armory Vault.

Personalize your Safe Room with Custom Art.  
Add Your Name or Company Logo.

Complete Electrical  
and Custom Lighting  
Packages Available.

Vault Pro Safe Rooms are built  
by skilled craftsman in America.

Customize your shelter to suit your needs. Add lighting,  
electrical, custom interiors, 2300° Ceramic Fire Blanket,
