SACE EXAM RULES INFORMATION

Some rules apply to specific subject exams, such as those that may allow calculators. The following conditions apply to all exams, and will be reinforced as you prepare and practise for your SACE exams.

- Be ready at the doors of the examination room at least 15 minutes before the examination start time.
- You can't enter the examination room more than 40 minutes after the starting time, or leave until 40 minutes after the starting time.
- You must hand your answer books to the examination supervisor before you leave the exam room.
- Some exams have a separate script book or question booklet for particular sections or questions. If you do not attempt such a section (or question), you must write 'BLANK' on the cover of the script book or question booklet before handing it in.

In addition to following the exam rules, you'll be expected to act honestly and respect your fellow students.

Use of notes in an exam

Notes aren't generally allowed in external SACE exams, but there are some exceptions.

- For [General Mathematics](#) and [Essential Mathematics](#), you may bring one unfolded A4 sheet (two sides) of your own handwritten notes.
- For [Mathematical Methods](#) and [Specialist Mathematics](#), you may bring two unfolded A4 sheets (four sides) of your own handwritten notes.
