LWWM NEWSLETTER

Pastor Maynor receives the first bottle of water in San Esteban during our October installation

"The grass withers and the flowers fall, but the word of our God endures forever" - Isaiah 40:8

Happy Fall! LWWM has had a busy Fall season, from exciting new installation partnerships to fundraiser fun. Read on to see what we've been up to this Fall!

Our September installation was at the Hope of Life International in Zacapa, Guatemala. This nonprofit organization is doing amazing things in Guatemala including a nutritional recovery

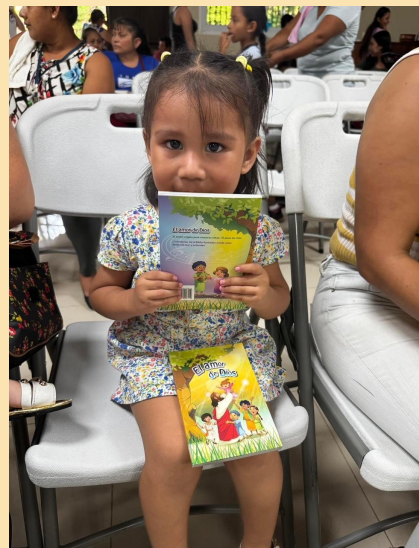

program, a foster care community, a home and care for the elderly and help for those with physical or mental disabilities. This double installation will provide water throughout the Hope of Life campus, supply water to different ministries within the local community and to the organization kitchen, which can serve up to 600 meals, three times a day for mission teams who stay with Hope of Life. The team had a fantastic week and the opportunity to work with children throughout the campus. Together everyone enjoyed games, the presentation of a puppet show, sing songs and share the message of salvation. An absolute honor and pleasure for the team to help this organization continue to take their work further.

A larger team brought lots of helpful hands to our October installation in San Esteban, Guatemala. On Monday, after the Education & Evangelism team prepared bags of food to be delivered to families in the community, the team had the pleasure of hosting more than 75 children from the community. The team and children sang songs and learned a Bible story through a fun puppet theater. After, each child received a Bible Stories book, donated to them by the Kennewick Presbyterian Church. On Tuesday and Wednesday, the team had over 200 students! The students, who's ages ranged from 4 - 13, learned that Germs Are Everywhere, Proper Hand Washing and Hygiene. Installation of the system went well and was completed on schedule by the end of Tuesday. On Wednesday, the team conducted pressure testing and

sanitization of the system. Operators training was successfully completed as well. Thursday the team attended the system dedication service which included a great sermon by Pastor Maynor. Pastor Maynor expressed gratitude and shared the word of the Lord, challenging all to be purified fully by Him.

Scramble For Clean Water

Thank you to Willitts Pump for once again holding the Willitts Pump Scramble for Clean Water Golf Tournament! A fun day of golf that raised just under \$40,000!

Annual Appreciation Banquet

Our Fall Appreciation Banquet focused on God's work in Cuba. Our Guest Speaker was Alicia Morales Rodriguez from Santiago, Cuba. We are thankful for all who attended and for the continued generosity of our supporters!

Prayer Requests

- Let us continue our prayers for our brothers and sisters in Cuba as they

deal with many hardships, such as food insecurities and the country's electric grid.

- Please pray with us for the safety of our teams and staff as they travel each month.
- For our site partners and their communities
