IS THIS THE RIGHT FIT?

The Soul Script Poetry Experience is designed for organizations that believe the most memorable events create moments that stay with people because they reconnect them with themselves.

If you want your audience to leave with:

- A deeper connection to themselves
- Fresh perspective
- Practical insight they can apply immediately
- A greater sense of alignment with who they truly are
- Conversations that continue beyond the event

Let's start a conversation.

MEET YANA

Yana German is a guide, coach, speaker, and spoken word poet whose work is rooted in one simple philosophy:

"People already carry the truth they are searching for."

PHILOSOPHY & APPROACH

That's why every Soul Script Poetry Experience begins by understanding the people in the room and the outcome you hope to create.

From there, Yana shapes a gathering that reflects your audience while remaining true to one guiding philosophy.

The format may change.

The philosophy never does.
