Jail Training Underway; Open House Set for Jan. 9

By **DANNY PEPPERS**
Staff Writer

Stewart County Corrections officers have been busy training the past couple of weeks. According to Sheriff Deryk Wyatt, there will be an open house January 9, 2016 from 10am to 2pm.

“The main construction of the new facility is being completed in the time frame that was initially stated, but due to it being finished around the holidays it has created a waiting period on getting a lot of the computer, phone, and various other items completed because of delays in getting components built and shipped to the facility,” said Wyatt. He added, “With leaving a facility built in 1962 and entering a modern facility it is taking a lot of training prior to entering it. The training that is mandatory for the housing of prisoners has not changed from what is being done currently, what has changed is the type of facility that job is being done in.”

Bands Combine to Perform Rousing Christmas Program

By **HOLLY TEMPLETON**
Staff Writer

The Stewart County Music Department presented their Christmas Concert Thursday, December 10 at the Stewart Co. High School Gymnasium. SCHS Director Philip Bossenberger and Stewart Co. Middle School Director Josephine Bossenberger beautifully collaborated their band students

talent to present a wonderful Christmas Program for the county. The show began with the SCMS Drum Line to include a cheer from the audience. Next, SCHS Jazz Band performed Christmas songs incorporating a jazz and blues feeling. Sixth grade band performed a couple of Christmas favorites and the SCHS Choir opened their voices to the spirit of Christmas.

The seventh and eighth grade band performed two Christmas songs then SCMS Choir sang three popular Christmas specials.

The SCHS Symphonic band, including SCHS and SCMS Choirs and the 8th grade band pooled their instrumental talent together and played a unique Christmas combination. **Continued on Page 4**

SCHS FBLA Collect Cans for the Community

Story Submitted

Stewart County High School’s Future Business Leaders of America (FBLA) collected canned goods for the community November 9-20. Donation boxes were placed in classrooms with teacher’s permission. A few gracious teachers even offered extra credit as an incentive for students to donate extra cans. The collection was a success with approximately 750 cans nearly doubling

last year’s total.

It couldn’t have been done without the help of faculty, students and staff of SCHS. In addition, Walgreens on Ft. Campbell Blvd. made a generous donation to FBLA. November 23 the cans were taken by Will Andrews and Kayla Massey to the Helping Hands of Dover. SCHS FBLA would like to thank anyone who donated cans or their time to make this event possible.

Or sat quietly in a chair.
Perhaps you sent a funeral spray,
If so we saw it there.
Perhaps you spoke the kindest words,

Missing You at Christmas

EVERY DAY WITHOUT YOU,
SINCE YOU HAD TO GO,
IS LIKE SUMMER WITHOUT SUNSHINE,
AND WINTER WITHOUT SNOW.
I WISH THAT I COULD TALK TO YOU,
THERE’S SO MUCH I WOULD SAY,
LIFE HAS CHANGED SO VERY MUCH,
SINCE YOU WENT AWAY.
I MISS THE BOND BETWEEN US,
AND I MISS YOUR KIND SUPPORT,
YOU’RE IN MY MIND AND IN MY HEART,
AND EVERY CHRISTMAS THOUGHT.
I’LL ALWAYS FEEL YOU CLOSE TO ME,
AND THOUGH YOU’RE FAR FROM SIGHT,
I’LL SEARCH FOR YOU AMONG THE STARS
THAT SHINE ON CHRISTMAS NIGHT.
Love you, Mom & Family

Church of Christ

“THE NAME OF THE CHURCH” by Earl B. Claud

Is there anything in a name? A name is very important when naming a child. It is important when writing a check. Some names are respected and honored because of the one who wore it. But is the name of the church important?
Jesus said, “And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it.” Matthew 16:18. Jesus said he would build, His church, but he did not give it a name. When the church was built, on the day of Pentecost, Jesus added the saved to his church. As we proceed through the New Testament we find descriptive terms that refer to the church. The church of Christ. Romans 16:16. The church of God. Acts 20:28; 1 Corinthians 1:2; 10:32; 11:22; 15:9; Galatians 1:13; 1 Timothy 3:5. Church of the first-born. Hebrews 12:13. Most of the time we find “the church” used. Acts 5:11; Ephesians 1:22. No where do we find a title given to the church. The words “church of Christ,” “church of God” or “church of the first-born” are used to show to whom the church belongs.
When we travel our highways we see churches called by hundreds of names. Very few of these names would indicate that these churches belong to Christ. Jesus died to purchase the church. Acts 20:28; 1 Corinthians 6:20. It is a shame when churches are called by names that do not honor Christ. When Christ healed the ten lepers only one came back to thank him. Luke 17:2. The church should identify itself in such a way as to honor Christ its builder. Matthew 16:18. Look at the name of the church where you attend worship and see if it honors Christ. We should be very proud to wear the name Christian and be a part of the church Christ built.

Retirement From Chamber

Continued from Page 1

“When they asked me to work, Rebecca (Cookie) Byrd and my daughter Sherry Garner said they needed somebody to work 2 days a week with the chamber so I started working Tuesdays and Thursdays and have ever since,” said Phillips. Of course, this was only after she retired from Bell South, now AT&T, phone company after 32 years. “I retired from the phone company in 1991 and worked in the office on Madison Street in Clarksville. I graduated from SCHS in 1958 and started with the phone company in 59,” she said. “They called my job a ‘toll operator’ on the big switchboard. I was a service rep when I retired. That job came open just before I was about to have to go to St. Louis but the Lord took care of me, of course he does all of us.”

The Chamber office has been in many different locations over the years. “I started in the old Watson Building

downtown across from the post office,” said Phillips. “We moved from there to the old white house next to the grade school, next we moved close to where the Senior’s Center is now, it was Jack and Allie Charlton’s old house, where the new jail is. Then we moved to the new Visitor’s Center in 2010.” There is a new Chamber President each year and it’s a voluntary position and there has been years with no director. “Every year there was a new president. We didn’t have a director for a while after Mr. Riggins, then it was Terry Crutcher, he was director until 2006,” said Phillips, or as most know her, myself included as Mrs. Myrna. The current Chamber Director is Jenni Roecker.

“The Lord has blessed me to be able to work in Stewart County but I’m 75 yrs. old; so I thought it was time,” she added. If you would like to wish her well she will be there Tuesday’s and Thursday’s until the end of the year from 9am-3:30pm, the phone number is 931-232-8290.

Who Said It?
Famous Quotes From
Famous Americans

“On Christmas, we celebrate the birth of Christ with prayer, feasting, and great merriment. But, most of all, we experience it in our hearts. For, more than just a day, Christmas is a state of mind. It is found throughout the year whenever faith overcomes doubt, hope conquers despair, and love triumphs over hate. It is present when men of any creed bring love and understanding to the hearts of their fellow man. The feeling is seen in the wondrous faces of children and in the hopeful eyes of the aged. It overflows the hearts of cheerful givers and the souls.”

Marion M. Brigham’s Civil War Service

By LINDA LONG
Of the Stewart County Archives

Marion M. Brigham enlisted September 1861 at Union City with older brother James H. Brigham. He was a private, Co. C, 33rd Tennessee Infantry, CSA. According to his service records Marion was likely a participant in the battles of Shiloh, Corinth, Perryville, Murfreesboro, and Chickamauga.

Hidden among the papers held by the Stewart County Archives, the below partial unedited letter that Marion sent home has again seen the light of day.

.....left Decater on the 29th and went to Cortland and staid all knight left next morning and went to Tuscumbia Ala whear we are now the first day of November we expect to cross the Tennessee river tomoerow at Florence if we leav hear don’t know yet whether we will leav hear or not to morow or not

PS- I have heard of the Soldiers living on parched corn in the ancient wars but never believed it but now I cant doubt it for we have had the trial of it. I no that men can live on corn a week or to I can for one if they will carry me to Tennessee and think that they are doing well to do that parched corn and beef eats fine but corn alone is dry eating but it is the case

very often on this campaign that we could not get nothing to eat when we was on the mountain where there was nothing but bush whackers living Ive expected to see hard times crossing that mountain we are getting plenty of bread and beef now. I expect to live hy if we get in Tennessee if we come in fifty miles of home you may look for me to come home with out a furlow for I no the head officers ont grant one – but if there is a thousand officers wants to go home they can go and stay as long as they please and I have bin hear as long as any body and I consider my self as good as the officers and dun as much for the confederacy as most of the privats dun as much duty as anybody and has in ever fight that this regiment has bin in to and I am going to come home if the army goes in Tennessee which I think it will tell all the connection howdy for me I would like to write them all but it is getting dark I hope to be with you all a Christmas a few days if I live and luck well but I trust in God the war will end by Christmas and let all go home.

-Your brother M M Brigham

He survived the war, died in 1904 at age 64 and is buried in the Brigham Cemetery in LBL. May he rest in Peace.

Jail Training

Continued from Page 1

When the complex does open, citizens needing to do business with the sheriff’s department will go to the new state-of-the-art facility on Cedar Street. The current jail is more than a half-century old. The new complex Jail and sheriff’s department operations will be different with the new facility. The reception/ lobby area at the front of the new

building will be the only area accessible to the general public, Wyatt said. That area will serve citizens coming to the jail and the sheriff’s department for visits and business.

“The men and women before me taking office, who did the studies on building a facility should be commended on all of the hard work and research that went in to this building. It is a necessary facility that will serve Stewart County for many years to come and is a flagship facility for this area,” said Wyatt.

Stewart County’s Shop with a Cop Program had some help at Wal-Mart on Ft. Campbell Blvd with many law enforcement agencies and high school kids getting involved last week. Law enforcement officers from Stewart Co. Sheriff’s Dept., Dover City Police Dept., Cumberland City Police Dept. TVA, U.S. Fish and Wildlife Game Wardens, U.S. Army Corps of Engineers, the 23rd Judicial Task Force and Montgomery Co. Sheriff’s office were there. The Criminal Justice club from Stewart County High

School, and their advisor Chanz Swartz, got to join in to help a total of 64 underprivileged children from Stewart County shop for Christmas. “There were about 30 kids that went along that day from the criminal justice club, they just assisted with anything that needed to be done, they had a great time,” said Swartz. The 64 children were each given \$135 to spend at the Wal-Mart assisted by an officer. The children then returned to the Stewart County Visitor’s center and had pizza, drinks, cookies and candy and got to visit with Santa.

USDA Announces Grant to Protect & Restore Grasslands, Wetlands, & Working Lands

Story Submitted

Agricultural Secretary Tom Vilsack has announced the availability of \$350 million to help landowners protect and restore key farmlands, grasslands and wetlands across the nation. The funding is provided through the Agricultural Conservation Easement Program (ACEP), created by the 2014 Farm Bill to protect critical water resources and wildlife habitat, and encourage private owners to maintain land for farming and ranching. Through the voluntary sale of an easement, landowners

limit future development to protect these key resources.

ACEP’s agricultural land easements not only protect the long-term viability of the nation’s food supply by preventing conversion of productive working lands to non-agricultural uses, they also support environmental quality, wildlife habitat, historic preservation and protection of open spaces. Native American Tribes, state and local governments and non-governmental organizations that have farmland or grassland protection programs are eligible to partner with NRCS to purchase conservation easements.

In Tennessee, NRCS has purchased 295 wetland easements covering 43,524 acres in 38 counties. Wetland reserve easements allow landowners to successfully restore, enhance and protect habitat for wildlife on their lands, reduce damage from flooding, recharge groundwater and provide outdoor recreational and educational opportunities. Eligible landowners can choose to enroll in a permanent or 30-year easement. Stewart County landowners can contact Kevin Hart the District Conservationist for Stewart County at 620 Donelson Parkway, Dover, or call 931-232-5458 ext 3.

Ft. Donelson Visitor Center Open in New Location

By DANNY PEPPERS
Staff Writer

Ft. Donelson National Battlefield was open and ready to greet visitor’s in their new location, Tuesday, Dec. 08 after making the move across the highway on Monday. They are now officially set up to offer visitor orientation services in the Stewart County Visitor’s Center.

According to Park Ranger Deborah Austin, someone will be manning the Visitor’s Center 7 days a week and the Ft. Donelson interpretive staff will be sharing the visitor’s center with county employees and volunteers. “We’re happy to be here, this is a beautiful building. The interpretive services of the park have been relocated

while the remodeling project is completed at the Park’s Visitor Center. Park hours will be the same which is now 8am-4:30pm 7 days a week. New automatic gates have been installed for the park and the road to Graves Battery and they have just installed new signs directing people here,” said Austin. When asked about the biggest difference in not being at the park, she said, “The museum not being here is the biggest difference but all other park functions will remain the same and we will have the orientation video about the whole campaign for Ft. Donelson, Ft. Heiman and Ft. Henry available and some touchable displays. We are working on how

to accommodate large groups when the Cumberland Room is unavailable.” They do have the Eastern National Bookstore set up with Civil War educational books, pins, patches and more. Eastern National has museum stores in parks and public trusts all over the country. Representatives Becky Burke and Richard Klima were on hand to help with the move. “Eastern National Bookstore at Ft. Donelson National Battlefield gives 8-10% of profits back to the National Park Service and it’s a combined effort across the country so Ft. Donelson receives funding back, more than just what is sold here,” said Burke. Stewart County resident Amber Houske is site manager for the store.

According to Stewart County Mayor Rick Joiner it was an easy decision to help the park. “Ft. Donelson is a vital part of our community. The battlefield and other historic venues associated with the fort draw hundreds of visitors to our community each year. We wanted to assist the park during their much needed renovation of their visitor center. Allowing them to occupy space in our center allows them to provide continuing visitor orientation close to the Battlefield. This is a very beneficial and cooperative effort for the community and Ft. Donelson. Nothing will change at our center. Our volunteer

hosts will still be needed to assist visitors coming to the visitor center. The park will be providing staff to assist visitors who come wanting to see and learn more about Ft. Donelson. This will allow the center to be open 7 days a week from 8am -4:30pm whereas previously the center may have been closed on the weekends due to staffing. Some of their artifacts have been brought to the center which will provide even more history and information for visitors to enjoy while visiting the center. We encourage folks that may have not visited Ft. Donelson in a while to come by the Stewart County Visitor Center and enjoy learning more about Stewart County and Fort Donelson,” said Joiner.

According to park superintendent Brian McCutchen, arrangements will need to be made with park staff for group viewings of the park film. The telephone number for interpretive park ranger staff remains 931-232-5706. “Although a beginning and completion date for the renovation of the Fort Donelson visitor center have yet to be determined, the work is expected to begin in early 2016. This renovation is among the highlighted projects and programs to be accomplished in 2016, which is the 100th anniversary of the National Park Service,” said McCutchen.

LBL will be burning a large area in Stewart Co., this week if weather permits. Smoke will be visible from all directions & may effect areas close by.

Prescribed Burns Planned for Dec. at Land Between The Lakes

Story Submitted
The U.S. Forest Service anticipates conducting two prescribed burns at Land Between The Lakes National Recreation Area beginning in December 2015.

These burns will help to reestablish fire’s natural role in the forest ecosystem, while providing unique opportunities in environmental education and research. Specific goals also include increasing habitat diversity and reducing hazardous fuels.

The Buffalo Trail prescribed burn is 2,530 acres all in Stewart County. It is located west of Woodlands Trace, south of the South Bison Range. This burn unit is associated with research being done by students at the University of Tennessee at Knoxville evaluating the effects of prescribed fire on birds. The purpose of this burn is to maintain the woodland condition while supporting research.

Due to their locations, these burns will be visible from all directions coming into Land Between The Lakes. Smoke may also have variable short term effects on surrounding communities. The bulk of smoke output will last 2-3 days with less smoke each day.

The Forest Service will conduct pre and post-burn plot monitoring, as well as smoke monitoring. Anyone who would like to learn more about the monitoring process and techniques can call the Acting Fire Management Officer, Todd Lerke, at 270-924-2092.
