Company Profile

St. Petersburg Fire Protection designed and installed the systems on a signature renovation of “one of the largest wooden structures in the world” (albeit no longer). The challenges of retrofitting into this historic structure amidst the complicated renovations were enormous!

St. Petersburg Fire Protection, LLC

St. Petersburg Fire Protection was founded May 7, 2010. It is a locally owned and operated, State of Florida, Women-Owned, full service fire protection company that has experienced growth with every year. The vision and principle of the company is to provide the highest level of life safety and customer service by establishing long-term relationships based on honesty and integrity.

There are over 70 years of combined fire protection experience in the management of the company.

Suzanne Sauls is the majority owner and president of the company with 18 years’ experience in the business. She is vice president on the Board of Directors for the Florida chapter of the American Fire Sprinkler Association. She has a Contractor One Florida Fire Protection license. She has also earned several certifications from the National Institute for Certification in Engineering Technologies at the University of Central Florida, in Automatic Fire

Sprinkler System Layout, Special Hazards Systems, and Fire Alarms. Well-versed in every fire code and statute that exists, contractors from all over the state often call her for fire sprinkler advice. She was recipient of the “Best of the Best” award in fire protection from Creative Contractors. Suzanne is involved in every aspect of each project that she works on, from site survey, to design, engineering, permitting, and coordination. Suzanne is well known and liked by many of the fire marshals in the area. She prides herself on communication and customer service.

“There is an enormous amount of pride taken in every project they do, and they strive for complete customer satisfaction while attaining the ultimate goal of saving lives.”

St. Petersburg Fire Protection has a service and inspection department that has over 50 years of combined experience. They are certified in Examination Preparation Inspection and Testing Systems by the National Institute for Certification in Engineering Technologies. The service and inspection jobs include aquariums, large corporations, churches, condominiums (The Belleview Place), distilleries

(St. Pete Distillery and American Freedom Distillery), inns (The Birchwood) and motels, office buildings, schools, warehouses, assisted living facilities, and hospitals. They have been the sole service provider for Lakeland Regional Hospital for the last three years and are now the sole inspection provider for the hospital as well. This includes the entire main hospital as well as six out buildings.

Some of the main fire protection systems installed by St. Petersburg Fire Protection include the Birchwood Inn and Rowland Place St. Petersburg, St. Petersburg College Library Clearwater, University of Tampa, Fairfield Inn Clearwater Beach, Finale Condominiums Sand Key, Inn on the Pond and Victoria's Place Dunedin, Porter McGrath Lakeland, JCC at the Armory, Women's Care of Florida, Harley Davidson Crystal River and Belleview Place Carriage Homes, Mid-Rises one, two, and three, and the historic Belleview Inn.

There is an enormous amount of pride taken in every project they do, and they strive for complete customer satisfaction while attaining the ultimate goal of saving lives.
