

Bend Premier Cup Bracketing

Bend Premier Cup utilizes a comprehensive team placement process designed to create balanced, competitive, and enjoyable experiences for all participants. Factors considered in bracket formation may include GotSport rankings, league platform and level of play, previous Bend Premier Cup performance and other recent tournament results, team application level, geographic separation, returning champions and finalists, and efforts to avoid placing teams from the same club in the same bracket whenever possible.

Tournament staff also considers coach or director requests, special circumstances, travel distance, and other factors that impact the overall event experience. Bend FC reserves the right to place teams in brackets and flights in the manner deemed to be in the best interest of the Bend Premier Cup, the collection of teams participating, and the integrity and competitiveness of the tournament.

By registering for or attending the Bend Premier Cup: All clubs, teams, and spectators agree to all Bend FC policies, facility rules, event rules, bracketing guidelines and terms, follow all governing bodies rules and policies and procedures.

For questions about event rules or bracketing contact Event Director Donnie Emerson at donnie@bendfc.com.
