

Spring 2026 GA Aspire Program Charges

All Bend FC GA Aspire teams will be assessed an additional Girls Academy program fee for Spring 2026. This fee covers both the winter and spring seasons and reflects the increased operational standards required by the Girls Academy.

Participation in GA Aspire includes enhanced league expectations and program requirements, including, but not limited to:

- Game video recording
- Facility upgrades and improvements
- Increased referee compensation
- Additional part-time staffing
- Other league-mandated operational expenses
- Onsite medical staff

These costs are mandated by the Girls Academy and will be applied to all GA Aspire players for Spring 2026.

We believe these elevated standards significantly improve the player experience, level of competition, and overall development environment within the GA Aspire platform.

If you have any questions regarding GA Aspire requirements or associated costs, please contact the club for further clarification.
