

Spring 2026 GA Aspire Program Charges

All GA Aspire teams will also incur an **additional Girls Academy program charge** in **Spring 2026**, covering both the winter and spring seasons.

Participation in GA Aspire includes elevated league standards and operational requirements, including but not limited to:

- Game video recording
- Facility upgrades
- Increased referee compensation
- Additional part-time staffing
- Other league-mandated operational expenses

These costs are required by the Girls Academy and will be **charged to all GA Aspire players** in **Spring 2026**.

We believe these standards significantly enhance the player experience, competition level, and overall development environment within the GA Aspire platform.

If you have questions regarding GA Aspire requirements or anticipated costs, please contact the club for additional clarification.
