Addendum B

P2G Services

Document Control	
Document Title	Addendum B - SVC
Document ID	GOV-CORP-MSA-003
Version	1.0
Effective Date	November 2, 2026
Document Owner	Corporate Administration
Approved By	President (D. Yohn)

1. Application and Scope

This Addendum applies to P2G Services property and field work, such as window and solar cleaning, pressure washing, pet-waste removal, property support, inspections, and other services specifically offered in an accepted Service Order. Services requiring specialized licenses or permits are provided only when legally authorized.

2. Property Access and Safety

Client will provide lawful access, safe working conditions, water and electricity where needed, secure pets, and disclose fragile surfaces, underground utilities, prior damage, hazards, or restricted areas. P2G may decline or stop unsafe work.

3. Conditions and Results

Pre-existing deterioration, failing seals, loose fixtures, stained or weathered materials, and concealed defects may affect results. Cleaning and maintenance do not guarantee restoration to new condition or permanent prevention of future accumulation. P2G is responsible for damage caused by its negligence, subject to the MSA and applicable law.

4. Weather, Changes, and Recurring Service

Outdoor services may be rescheduled for unsafe weather or unsuitable conditions. Additional work beyond quoted scope requires authorization and may incur fees. Frequency, access requirements, missed visits, and cancellation terms for recurring services are stated in the Service Order.

5. Specialized Activities

Drone operations, if offered, remain subject to FAA rules, airspace approvals, weather, and privacy requirements. Pool, spa, electrical, plumbing, and other regulated work will be performed only within P2G’s lawful authorization and the expressly accepted scope.

6. Recurring Service and Missed Access

Recurring visit frequency, price, access arrangements, cancellation timing, and any minimum commitment must be stated in the accepted Service Order. When Client fails to provide agreed access or secure pets, P2G may treat the visit as missed and charge only a fee disclosed in the Service Order, subject to applicable law. P2G may reschedule unsafe outdoor work.

7. Surface and Equipment Precautions

Client must identify known leaks, loose fittings, fragile coatings, damaged solar equipment, electrical hazards, and surfaces unsuitable for cleaning. P2G will use reasonable care and

appropriate methods; existing defects and ordinary wear are not P2G-caused damage. Any separately quoted repair or installation is subject to applicable licensing requirements.
