## PRICE LIST FOR CASKETS & ALTERNATIVE CONTAINERS

*These prices are effective October 25, 2021 and are  
subject to change without notice.*

The caskets and containers we make available serve a variety of needs and circumstances.

### EARTH BURIAL

Choose from fine metals and beautiful woods.

### FOR CREMATION

A container made of combustible material is needed to hold the body during cremation. Tasteful styles are available in a variety of woods and are free of any metal flourishes. Several alternative containers are constructed out of cardboard or unfinished wood and tend to be chosen for cremation, which is prior to services.

### FOR VISITATION PRIOR TO CREMATION

In addition to the options directly above, a rental casket may be requested for visitation purposes. Following the viewing, the body is moved to an alternative container for transportation to the crematory and cremation.

#### DISCLAIMER OF WARRANTIES

*Our funeral home makes no representation or warranties about the protective value of certain urns or outer burial containers other than those made by the manufacturer. The only warranties, expressed or implied, granted in connection with goods sold with this funeral service are the express written warranties, and no warranties of merchandising fitness for a particular product are extended by the seller.*
