199	A MIXED LOT	British Commonwealth. New Imperial album specifically for Mauritius through to Zululand, 100s of stamps mint and used, all one of a kind, QV through KGV. The collection has no hinge remainders and is completely uncatalogued, however will clearly run into 1000s of pounds. Start valuing carefully from Mauritius and also look for material the collector has occasionally tucked on the side. Highly recommended.	£420.00	A
200	A MIXED LOT	British Commonwealth / Brit West Indies. Many 1000s of stamps mint and used, QV through all reigns to early QE2, all of this is housed in 1 volume and virtually every page is packed to capacity with many pleasant surprises with KGV probably being the strongest. Countries include Jamaica, Montserrat, St Kitts, St Lucia, St Vincent, Trinidad with early 5/- portrait QV CC wmk cds, signed, as well as large mint trident of the same, this time with specimen o/p, Tobago, Virgin Islands, etc. All presented stamp on stamp, making a difficult yet fun viewing with many discoveries. An ideal lot for a dealer, no doubt with a catalogue of several thousands of pounds, perhaps even five figures when unpacked.	£320.00	A

201	A MIXED LOT	Brit Commonwealth / Brit Pacific. Four packed to capacity boxes, virtually all mint sets, with 1000s of glassines and each glassine containing 4 to 10 sets or more. Also noticed very topical miniature sheets in quantity as well. As to be expected there is much duplication. However the catalogue value must be in the order of £70-80,000 and a corresponding face value of £20,000. Some of the themes include Titanic, paintings, Christmas, Einstein, sculpture, Queen Mother to name but a few. Countries such as Penrhyn Island, Aitutaki, Niuafo-ou with good butterfly definitives complete with huge face value, Cook Islands. Much of this accumulation is from the 1980s onwards and we believe that it all has a valid face in equivalent twin currency of New Zealand dollars. The vendor states the cost was in excess of £10,000 at the time of purchase. An opportunity for an entrepreneur.	£800.00	A

404	GB	Quality is the hallmark of this excellent penny red accumulation housed in 5 volumes. It is a combination primarily of virtually all perforated penny red stars and plates. There will be in the order of 5000 stamps, quite possibly more on the basis of approx 1000 stamps per book. The collector's main motive over many years of careful choosing was to combine quality with different regional postmarks, particularly but by no means exclusively for the London area. A wonderful good old time holding of line engraved, seldom available today. The collection is offered intact as received and the catalogue value must be in the order of £100,000 - ie an average of £20 per stamp. Our valuation of 2.5% of catalogue represents a tremendous opportunity in this quality.	£2,600.00	A
