153	A MIXED LOT	British Commonwealth Islands. Several 100s, mint and used, much strength in QV/KGV including good cinderella. Highlights include dozens of early Cyprus definitives QV/KGV needing further classification, Gibraltar, Ireland St Patricks to 10/- and the 1/3d commemoratives as well, Malta inc QV 1/2d x 4 unclassified through to postage dues, KGV1 10/- St Paul, p.s. stat cut aquares etc among other regular material. Research carefully.	£80.00	A
154	A MIXED LOT	Worldwide animal collection part 2 and 3. Well over 1000 stamps, all one of a kind, overwhelmingly mint and much MNH, mostly in set format, housed in a well filled substantial album, part 2 for Falklands through to Pitcairns. There are several good countries here with better sets, such as Gambia birds to £, yet again lots of French Colonies especially Guinea 1962 and 64 birds and fish, Madagascar, Mali, Mauritania, New Caledonia, all complete. Spanish Colonies especially Fernando P and Ifni, good Hungary, many good topicals with sets MNH particularly from the 1950s, Mongolia, PNG inc cattle 1/7d, early birds to 10/-, butterflies complete to \$2, through to 1964 Pitcairns. A collectors collection and a delight to view.	£160.00	A
155	A MIXED LOT	Worldwide animal collection part 3. Well over 1000 stamps, all one of a kind, overwhelmingly mint and much MNH, mostly in set format, housed in a well filled substantial album, part 3 for Poland through to Zambia. There are several gd countries here with better sets, such as Spanish Colonies esp Rio Muni and Spanish Sahara, French Colonies, esp Senegal with expensive sets seldom seen, Tchad with high value airmails MNH complete, Togo the same. Useful Romania from early 1950s onwards, Italian Somaliland, the elusive fish set of Sharjah MNH complete 1964, Tannu Tuva with good rhomboids and triangulars from the 1920s pictorial sets, Trieste esp Zone B for Yugoslavis, the latter also strong, Tristan da Cunha with early QE2 definitives complete to 10/- and 1 rand, St Helena o/ps, Turks to £1, all BC MNH, better Vietnam. A collectors collection and a delight to view.	£220.00	A

156	A MIXED LOT	Worldwide. The chaotic section of a retired dealer, primarily representing MNH sets, mostly housed on large Hawid cards from the 1970s through to the 2000s inc eurozone. Very intense and would benefit from considerable work, country for country. Accompanying this is also the sheet section which, as with carded stock, has plenty of good topical themes. Nevertheless it is far more duplicated. The carded stock is therefore the best part and is particularly strong in Brit Commonwealth esp Pacific Islands, as well as general attractive sets for French Colonies esp the Independence period. Just taking any random section and working on it with the catalogues reveals huge potential figures retail. The catalogue will probably be in the order of £250,000, perhaps more. An opportunity of a lifetime for a topical dealer to resell on the internet, stamp shows and in many far smaller units at auction.	£800.00	A
157	A MIXED LOT	Worldwide. An extraordinary carded stock, the likes of which you are unlikely to ever see again, so casually presented, yet ordered / displayed country for country, covering many dozens of different topicals / thematics overwhelmingly in complete set. British Pacific Islands is also very strong here with a face value running into many 1000s of £s, yet alone new issue cost. Far East is also strong especially Laos and Vietnam, the latter of which is highly popular today, as well as general interest in the worldwide. The only category not present here is the French Colonies, offered separately in this auction. This is a must sell instruction from a dealer who is retiring - an opportunity not to be missed as this lot can be broken down into several other auction lots at multiples of our valuation.	£760.00	A

318	FINLAND	Davo album well filled with a mint and used range, early to modern.	£85.00	A
319	FINLAND	A highly specialised holding of the lion definitive issues of 1917 to 1930, extraordinary in depth and scholarship. Overwhelmingly mint, this collector has gone out of his way to acquire multiples only, specifically with the sheet numbers and the years in which they were printed, such knowledge also being in the wing margins of these multiples, making it an easier task to identify. Considering that these are now identified with precision except for shades and perforations-this is a remarkable holding, as only a very small fraction of each sheets has such imprints with this important information. Whatever catalogue there is as singles is completely irrelevant to this highly specialised range of imprints. For the most part, it is chronologically organised and a feast for the eyes for the serious collector of Finland. thoroughly recommended, almost irreplaceable.	£550.00	A

325	FRENCH COLONIES	100s of stamps housed in one Lighthouse volume, overwhelmingly one of a kind, beginning with peace and commerce types, mint to 1fr and then the surcharges from 05 on 2c through to 10 on 1fr, onto 20th century with the distinct possibility of better material with the commems, inc imperfs and again o/ps provisionally surcharged for the new state of Comoros Islands in transition from Mayotte. 326	FRENCH COLONIES	100s of stamps, mint and used, housed in 1 well filled Lighthouse volume. Interesting range of Mauritania inc Vichy, as well as useful pre WW2 etc inc early postage dues. The collection is well rounded with lots of topics ranging from birds to zeppelins, fruit, butterflies, lepidoptera, dinosaurs, etc. as well as better paintings and airmails. 328	FRENCH COLONIES	An extraordinary carded stock, virtually everything in MNH complete sets with 1000s of topicals, representing material since independence, much therefore yet not exclusively all from French Africa. Some of the countries seen include New Caledonia, Djibouti, Mali, Niger, Walis, Upper Volta, ST Pierre, Central Africa, Democratic Republic of Congo, Comoros Islands, French Polynesia, etc. We have been reliably told that the new issue cost would run into well over £20,000, especially for the 1970s to 1990s which is predominant. 415	GB	Box with albums having a mostly use range, and QE2 period, some duplication.	£25.00	B
416	GB	Several 100s if not 1000s of stamps, starting off with postage dues including all kinds of watermark varieties (written up), printing errors, through to officials inc early 6d I.R, as well as Offices, EDV11 to KGV, China o/ps etc. Then 19th century special circular delivery stamps, newspapers, railways, through to Imperial and Commonwealth reply coupons, etc. The best section is the revenues, QV onwards by the 100s, categorised under contract service, contract notes, civil service, to high values, etc, material not often seen. This was collected over a 50 year period, please inspect, so much here to view.	£220.00	A
417	GB	GB perf in stamps . Organised A-Z with companies such as Alliance Assurance, Army and Naval, Chappell, etc. All reigns represented QV/KGV. Also seen scarce OHMS, high values and much more including fancy perf in designs. A conservative estimate would be 800 examples ++, plus a further 700-800 representing work in progress to eventually be incorporated into the main collection. The time period covers penny reds through to QE2. All in all, at least 1500 examples including many scarce, collected over a 50 year period. Much recommended.	£260.00	A
418	GB	Well written up, specifically for perf ins on cover and documents, overwhelmingly the period of QV to KGV. The collection starts with Downey head AAO/Co through to Arthur Bunting and Co, Amalgamated Dental, AEB Anglo Egyptian Bank, BNZ Bank of New Zealand, through to WWD / &S, etc. Much more here alphabetically ordered including Royal Mail Lines, British Empire Exhibition Lion pmks and others seldom seen. This is offered in tandem with specialised the perfin stamp collection, also in this auction.	£110.00	A

419	GB	Scholarly, written up collection housed in an album. Good quality inc registered letters, Vending Machine test stamps used postally, illustrated Old England complete set of 10 on EDV11 / KGV, interesting KGV turn cover p. Stat, seldom seen, EDV11 /US combo, very good advertising covers etc. Also interesting bisects on cover, such as p. card EDV11 1905 1d cut in half to make 1/2d rate, however not accepted by the authorities who in turn applied a 1d postage due! There is a distinct possibility of some important finds here from this old time, original source. A very enjoyable viewing for the specialist.	£160.00	A
420	GB	Massive accumulation of many 1000s of stamps, primarily used inc high values, yet more importantly better Machin types, housed in one very well filled volume. Needless to say countless permutations and varieties occasionally identified and categorised. Totally uncatalogued will easily run well over ten thousand pounds with a huge potential for further discoveries, a much recommended viewing.	£110.00	A
421	GB	Many 1000s of stamps housed in a well filled stockbook, primarily used, much stuffed stamp on stamp, making for a challenging viewing. The potential here however is enormous with for example on the 1/3d QV coronation by the dozen, lots of high values, graphite lines galore, different printings, Waterlow, de la Rue, Bradbury etc. There is much material that is unlisted and other oddball, as well as good fascinating collateral material to investigate. Completely uncatalogued -will easily go into £20k++ and very engaging to view.	£220.00	A
422	GB	An extraordinary book of overwhelming quality, somewhere between 1500 2000 penny reds, both imperf and perf, stars and plate, postmarks galore with very good attempt at postmark classification. There is also some surface printed here, however the value essentially is in the line engraved completely uncatalogued and will easily run into 5 figures. This is a most pleasing holding, decades in the making, that will keep the buyer absorbed for weeks in the hunt for better plates, etc. A must see on your viewing list.	£320.00	A
423	GB	Very well filled book for overprints on commercial documents with either manuscript markings or rubber stamping, reflecting the company origins, even occasionally private o/p.s on the stamps themselves. Some of the printed documents are very attractive and the holding ranges from QV through to QE2, similarly with the revenues with particularly early QV foreign bills, etc. there is also a section of collateral, good literature including the first edition of volume 1, Commercial Overprint Society of Great Britain. If this is your area of interest, you will find a pleasure to view.	£55.00	B

424	GB	1000s of stamps in one volume well filled starting with 1d black and 2 x 1840 2d blues in mixed condition, then 1d reds imperfs with MX cancels including a good number of margined, x 30+ of which we noticed blue MX Truro, followed by the numeral strikes inc some ivory heads. The 2nd page alone has well over 200 examples inc bluish papers, etc through to imperf multiples, at least 10 pairs inc the strip of 4, on to the 1841 2d blues with a strip of 3. Then embossed with 2 x 1/-, one 4 margined, foll by 1d red stars inc an unusual block of 4 used with about 250 examples, very gd condition. then the surface printed in a similar pattern with virtually every single category present from the 4d through to 1/-1855 / 57 types, then back to the perf 2d blues with a fab range with plate 9 x 15, plate 12 x 5, pl13 x 16, pl 14 x 100++, pl 15 x 80+ inc some distinct re entries. Needless to say the 1d red plates are here in the many 100s, for the most part plate. Also seen attempted reconstructions, again by the 100s to investigate. The 1862s surface printed, often plates specified and scarce stamps here, many pages no doubt cataloguing several £1000s each. More obvious items include 3 x 2/-s, 2 x 5/-plates 1 and 2 MX watermark the 2/6d QV 1883 sg178 over 20 examples, 5/-x 4 and 10/-x 2, 1883 / 92 Jubs inc £1 greens x 2sg 212 with faults, a mint sheet of 20 of the 4 1/2d jubilee, ending with reference blacks and blues, further high values and various CDS surface printed. Completely uncatalogued, which will be gigantic -absolutely ideal for a dealer.	£1,100.00	A
425	GB	Worldwide animal collectio part 1 and 3. Well over 1000 stamps, all one of a kind, overwhelmingly mint and much MNH, mostly in set format, housed in a well filled substantial album, part 1 for Afghanistan through to Ethiopia. There are several gd countries here with better sets, such as Angola birds 1951 used, Angola animals 1953 MNH, Austria bird airmail set 1951, Barbados 1954 defines MNH, useful North Borneo, high cat French Colonies with Cameroons, triangular CAR with high value airmails all MNH, China with 1897 \$1 flying goose used, similarly the pigs set complete of 1960, the birds 1962 MNH, the pandas and mokeys complete used, then the Cuba 1956 birds airmail set to 5p and the other good sets on to Ethiopia 1962 birds. A collectors collection and a delight to view.	£260.00	A

540	GERMANY	An extraordinary lifelong accumulation of covers and occasionally single postmarks, housed in 3 full boxes in uniformly good quality. Material from 19th C stampless, through to postal stationer, all used mostly until the late 1920 / 30s -there are no unused covers. Various areas, primarily Prussian region, some of the towns and cities present such as Berlin, Charlottenburg through to Spandau, Tegel, Treptow, Wannsel, Wilmsdorf, Zelendorf to name but a few. This includes incoming and outgoing mail. There is a lot of early advertising and occasional Third Reich propaganda. There are about 1500 covers, a guesstimate of about 500-600 per box, not forgetting a smaller quantity of many 19th C postmarks, superb written up on cards. Many of the covers -by far the most valuable part of this -would sell for £5 £20 each, sometimes more. Allow yourself plenty of time to view this fascinating range, it would benefit from yet further research with a Michel and other specialised postal history literature. Ideal for a collector or dealer, many good finds to be made, great fun.	£130.00	A
