

DESIGN ENGINEERING

DELIVERING QUALITY DESIGNS THAT BUILD STRONGER COMMUNITIES

A successful transportation project starts with precise, well-crafted plans and specifications. Whether your goal is to increase intersection capacity, improve stormwater management, upgrade underground infrastructure, or bring paths and sidewalks up to accessibility standards, HLR has the expertise and diverse experience to deliver detailed, accurate, and buildable designs. Our multidisciplinary team understands that every project is unique — we take the time to analyze site conditions, anticipate challenges, and develop solutions that stand the test of time.

Design Engineering with Purpose

Our team takes true ownership of every project. We work closely with you to understand your vision and translate it into practical, high-quality solutions. Each design is developed to:

- + Enhance public safety
- + Protect the environment through sustainable practices
- + Improve drainage and stormwater systems
- + Support economic development within your community

By combining technical excellence with creative problem-solving, we design infrastructure that is both functional and future-ready. Our commitment to innovation allows us to adapt to evolving standards, emerging technologies, and the growing needs of the communities we serve.

Your Partner from Concept to Construction

We operate as an extension of your staff, protecting your best interests at every stage. Our focus is on delivering plans that:

- + Achieve your specific project goals
- + Comply with all regulatory requirements
- + Meet deadlines and budget expectations
- + Minimize change orders and maximize constructibility

With HLR as your design advocate, you can confidently move forward knowing your project is positioned for efficient construction and long-term success.

About Hampton, Lenzini and Renwick, Inc.

Since 1965, Hampton, Lenzini and Renwick, Inc. (HLR) has partnered with communities, local agencies, and private clients to deliver expert engineering, environmental, and surveying services. As a 100% employee-owned firm, we embrace a culture of **Work Hard | Have Fun | Give Back®**, driving responsive service, effective collaboration, and stronger communities.

Our team of engineers, environmental specialists, surveyors, and technicians provides personalized support and expert guidance through every project phase—from planning to implementation. With five offices across Illinois, we have the resources to manage large, complex projects while staying connected to the people and relationships that matter most.
