

HAMPTON, LENZINI AND RENWICK, INC.

ENGINEERS | SURVEYORS

Engineering the success of our communities.

LAND SURVEYING

THE RIGHT DATA TO KEEP YOUR PROJECT MOVING

Accurate, responsive surveying is the foundation of every successful engineering project. With offices in Elgin, Crystal Lake, Springfield, and Mt. Carmel, HLR provides statewide coverage—delivering the reliable data you need to keep projects moving forward.

If it can be measured, we can survey it. From route and stream surveys to right-of-way acquisition, and GIS surveys, our team supplies the precise base data engineers and contractors need to design and build with confidence. Using advanced tools—drones, GPS receivers, electronic instruments, and real-time data transfer—we deliver accurate results efficiently.

Surveying isn't just about measurements—it's about communication. Our Professional Land Surveyors and survey technicians work closely with clients from day one, ensuring objectives are understood, challenges addressed, and schedules maintained. Whether your project is in northern, central, or southern Illinois—or beyond—HLR provides clear, dependable survey data to help your project succeed.

About Hampton, Lenzini and Renwick, Inc.

Since 1965, Hampton, Lenzini and Renwick, Inc. (HLR) has partnered with communities, local agencies, and private clients to deliver expert engineering, environmental, and surveying services. As a 100% employee-owned firm, we embrace a culture of **Work Hard | Have Fun | Give Back®**, driving responsive service, effective collaboration, and stronger communities.

Our team of engineers, environmental specialists, surveyors, and technicians provides personalized support and expert guidance through every project phase—from planning to implementation. With five offices across Illinois, we have the resources to manage large, complex projects while staying connected to the people and relationships that matter most.
