## We are Here to Help

Dr. Chang is not just a Bariatric Surgeon; he also is a General Surgeon. Dr. Chang has completed specialty training in laparoscopic surgery and weight-loss surgery. His office offers information, education and care for your Health care needs.

### **What Services Do We Provide?**

1. Laparoscopic gastric bypass and sleeve
2. LAP-BAND® removal
3. Cholecystectomy (removal of the gallbladder)
4. Surgery on the intestinal tract (colon surgery, appendectomy, heartburn surgery)
5. Hernia surgery: Umbilical, Inguinal, Femoral, Ventral, Incisional and Hiatal
6. TIF (Transoral Incisionless Fundoplication) for heartburn
7. Treatments: Anemia, Low Testosterone, Diabetes and Prediabetes, Hypertension, Hyperlipidemia or Hypercholesterolemia & Sleep Apnea,
8. Revision surgeries – sleeve to bypass and LAP-BAND® removal to sleeve or bypass
9. Diagnostic Lap & EGDs
10. Medical Weight Loss with and without medications.

Not everyone who comes to my office will need an operation. Some patients may simply need an evaluation. We are happy to provide this service.

**Our Mission.** Our primary mission is to take care of you...to assist you in all aspects related to your surgery and health. Visits to the doctor can cause anxiety. We want to alleviate your fears and help you return to health as quickly as possible. You may need surgery or additional testing to help you improve. These things will only be recommended if we truly believe they are in your best interest. Feel free to ask questions...we are here to help.

Our secondary goals are to take care of your family and to build long-lasting relationships with the people around us. Your family may have questions about your treatment. We encourage family members to come to office visits and to ask questions. We would also like to care for your entire family. If your family should ever need help treating conditions such as heartburn, gallbladder problems or obesity (medical weight loss with medications like Ozempic or Mounjaro), please call us to set up an appointment.
