"Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial." Our highly trained staff expertly cleanse, sanitize, embalm, and prepare for viewing and/or disposition using modern, scientific methods. This ensures the safe management of public health and proper handling of infectious materials and contaminants. All procedures strictly adhere to OSHA guidelines.

REFRIGERATED STORAGE \$350

If embalming is declined and the final disposition of the deceased is not completed within 24 hours of the time of death, refrigeration is required by California State regulation Title 16 Sec. 1223(b). **Note: Initial refrigeration fee includes up to 7 consecutive days.
