SEEDS OF AFRICA

Planting the Seeds of Entrepreneurial
Growth and Job Creation

EARLY

CHILDHOOD DEVELOPMENT

Supporting and developing

Crèches into structured places of learning while upskilling Teachers through foundation phase teaching, personal growth and development.

We provide the teachers with practical training programmes, teaching aids and resources, ongoing support and guidance enabling them to have an improved capacity to manage their Crèches effectively as well as work with children at a critical stage in child development.

ENTREPRENEURIAL DEVELOPMENT

Supporting the development of small businesses that seed new economic activity, create job opportunities and generate long-term value, resulting in local economic growth. We provide business skills training, services, insightful workshops, coaching, mentorship and seed capital to allow them to become self-sustaining, independent businesses while building self-esteem, resilience and grit.
