

# We Are Reinhart Enterprises

## Serving The North Towns Since 2012

BY SARA DOLAN, REINHART ENTERPRISES

Similar to many small businesses, Reinhart Enterprises Landscaping and Lawn Care began in 2012 with Nicholas Reinhart and a few friends doing something they truly enjoyed. With a truck, a few helping hands, and a garage filled with tools, Reinhart Enterprises began helping families in the neighborhood with their lawn, landscape, and snow plowing needs. "It is truly a rewarding process to hear ideas of a landscape vision, offer guidance and recommendations along the way, and finally put forth the work to successfully bring that vision to life," Reinhart said.

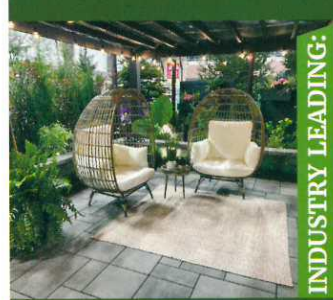

Throughout the years, word spread, and the business has grown into something that the Reinhart family could have never imagined. Reinhart Enterprises has proudly acquired one of the largest fleets in Buffalo, an abundance of equipment, and a lot more helping hands. "We put a strong emphasis on customer service and satisfaction. We are highly dedicated to building long term relationships with each and every one of our clients." Reinhart has multiple employees in the office each day who are available, willing, and ready to

answer all customer questions and concerns to ensure that no needs are left unmet. Give us a call, send us an email, we will be there to provide you with our knowledge and expertise to cater to your landscaping and outdoor needs.
