DVS 2 Safe System Kits

For rigid and articulated vehicles

The Direct Vision Standard (DVS) is a legislation that requires all goods vehicles weighing more than 12 tonnes to possess a permit to drive in Greater London. The permit is issued based on how much a driver can see from the cab in relation to other road users. HGVs that do not meet minimum requirements must be equipped with a series of vehicle safety devices to improve and aid the driver's indirect vision prior to applying for the permit.

Brigade's products are independently tested to confirm they meet requirements. To help you apply for your permit, we have put together the following DVS compliant kits.

Visit brigade-electronics.com for further details

Full Progressive Safe System (DVS 2) Kit

For both rigid and articulated vehicles

Kit Model No: PSS-001 Kit Part No. 7679

1 VBV-770HM - 5611A

High Definition, 7", Select range monitor. 3 camera inputs.

2 VBV-3100C - 7143

High Definition side-view camera with lens swivel adjustment and LEDs for low light performance.

3 RP-001 - 7500

Radar Predict. An award winning, predictive side-collision dual-radar, 180° detection system. Alerts drivers through visual and audible signals.

4 FR-001DVS - 7673

Front radar system, predictive front-collision dual-radar, 180° detection system. Alerts drivers through visual and audible signals.

5 SS-BC-08 - 1334A

Side-turn warning for cyclists/ pedestrians. Activates on left turn indication. A combination of White Sound® and real-speech.

6 DVS-Sticker-A3 - 7628

Blind spot. Take care. Rear sticker. DVS compliant A3 size.

Other Products Included	Model Number	Part Number
5 metre, Select range HD cable	VBV-H405	5519
Turn indicator trigger	TS-001ECU	A1362A
Latched auto-reset alarm cut out (dash mount)	TCO-47-01	4752
Low speed trigger module	LS-60-A	4851

GSR Upgrade

For customers who have OEM factory fit R151 and R159 solutions

Kit Model No: BSIS-MOIS-001 Kit Part No. 7678

5 SS-BC-08 - 1334A

Side-turn warning for cyclists/ pedestrians. Activates on left turn indication. A combination of White Sound® and real-speech.

6 DVS-Sticker-A3 - 7628

Blind spot. Take care. Rear sticker. DVS compliant A3 size.

Other Products Included	Model Number	Part Number
Turn indicator trigger	TS-001ECU	A1362A
Latched auto-reset alarm cut out (dash mount)	TCO-47-01	4752

DVS 2020 Upgrade to PSS 2024

For customers who currently already comply to DVS phase 1 (safe permit) but need to upgrade to the PSS (Progressive SafeSystem)

Kit Model No: BSIS-MOIS-001 Kit Part No. 7675

3 RP-001 - 7500

Radars Predict. An award winning, predictive side-collision dual-radar, 180° detection system. Alerts drivers through visual and audible signals.

4 FR-001DVS - 7673

Front radar system, predictive front-collision dual-radar, 180° detection system. Alerts drivers through visual and audible signals.

6 DVS-Sticker-A3 - 7628

Blind spot. Take care. Rear sticker. DVS compliant A3 size.
