Word of Life Resource Library

Makes home lessons easier

Word of Life created a **Resource Library**, designed to provide you with easy access to essential materials for teaching your child(ren). This password-protected library is specifically tailored for catechists, and parents using the *Word of Life* series.

You can now download or access simplified resources without doing any lesson planning or making resource choices. In order for your child's progress to be tracked you will also need to login to your individual portal and complete a chapter test/assessment. (1st - 5th grade)

Accessing the Resource Library

Follow these simple steps to access the library:

1. Go to http://www.wordoflifeseries.org/resources-library
2. Enter the password: **buildstrongcatholics**
3. Choose the icon for your grade level book.
4. Choose **Parish edition**.
5. Choose **Chapter number**
6. Choose **Digital Schedule** (45 or 75 minutes).

Chapter Tests and Progress Tracking

To track your progress through the *Word of Life* series, please follow these steps at the end of each lesson:

1. Before ending the lesson, open a new tab and log in to the full Portal for home instruction using your personal email and password wordoflifeseries.org
2. Choose '**Resources by type**' drop down menu and select **Chapter Test** for 1st-5th grade.
3. Complete the chapter test together with your child(ren). This will allow us to monitor your progress and provide support as needed.

We hope this Resource Library will make it easier to complete home lessons. Email or call me with questions and concerns. Jan Herwaldt religiouseducation@holycross-batavia.org (630) 879-4750 ext. 109. Voicemail messages will be translated to email after hours.
