

Once printed, please ensure the rule below is exactly 5cm.

Standard Mounting

Arm length (inches)	Angular Offset	Overhang (mm)	Mounting Distance
9	24.1	18.2	210.427
12	17.9	13.4	291.418

Rega Mounting

The Rega mounting distance of 222mm is not optimal for use with the Baerwald alignment technique. If you are mounting your PU7 Tonearm on a Rega turntable, please use the table below.

Arm length (inches)	Angular Offset	Overhang (mm)	Mounting Distance
9.42	23.0	17.3	222
