New Zealand Familial Breast & Ovarian Cancer Conference
Te Pou Manaaki Whānau Mate ā-ira pukupuku o Aotearoa

NGĀ HURINGA PAE WHENUA CHANGING LANDSCAPES

Thank you for considering this sponsorship opportunity.

Now in its third conference, Familial Breast & Ovarian Cancer: Changing Landscapes brings the professional community together in Aotearoa New Zealand at a time of rapid change in familial breast and ovarian cancer care.

As genetic knowledge, testing pathways, and treatment options continue to evolve at pace, the conference offers a shared space to explore emerging evidence, challenge established practice, and envision better, more equitable care for individuals and families affected by inherited cancer risk.

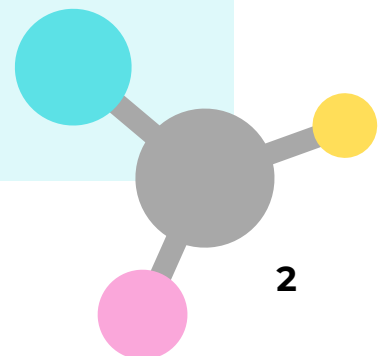

The programme extends beyond the main conference to include interactive professional workshops and a dedicated consumer day, creating opportunities for deeper learning, practical skill-building, and meaningful engagement with lived experience.

Sponsorship provides a valuable opportunity to connect with clinicians, researchers, genetic specialists, nurses, allied health professionals, advocates, and consumers from across Aotearoa New Zealand and beyond.

We invite you to partner with Familial Breast & Ovarian Cancer: Changing Landscapes and align your organisation with a conference committed to advancing knowledge, supporting innovation, and helping shape the future of care in this fast-moving field.

Ngā mihi nui,
