

## Why Global?

At Global we understand you have a lot of choices of partners when it comes to entrusting your fire and life safety needs. We believe there are a few key differences that set us apart from our competitors, allowing us to truly be your partner. Together with our associates, we seek to serve the needs of our customers to provide the personalized attention to projects and details that ensures our customers are satisfied with the end result.

## Our Vision

Global is more than a name, it's how we think. We are a growing group of associates always striving together to meet customer needs, while maintaining the health of our company. Our passion for customer service shows in the urgency with which we treat our customers' requests.

## Our Mission

Delivering exceptional service, on time, every time.

## Industrial

*Manufacturing | Hazardous Materials*

Industry takes the form of many different facilities and processes, requiring a specific understanding of the customer needs and plans to properly develop a plan for their protection needs. Global digs into these needs in the early planning stages to help shape planning around facility size, storage of materials, and manufacturing setup.

This involvement leads to the best planning and communication of those plans to insurers and local jurisdictions, yielding the most cost effective fire protection systems.
