

Congratulations to CareFlight on a Successful Golf Day Fundraiser

Airport Development Group (ADG) was proud to sponsor and congratulates CareFlight on hosting a highly successful golf day, which raised nearly \$15,000 to support their vital aeromedical services in the Northern Territory.

The event brought together 17 enthusiastic teams for an afternoon of great food, cold drinks, friendly competition, and plenty of fundraising activities – all in the spirit of supporting CareFlight’s life-saving work.

“This event is a true testament to the generosity and community spirit of the Territory’s business community,” Rob Porter, Executive General Manager, Airport said. “We are proud to support CareFlight and the essential role they play in providing emergency medical services across the NT.”

For those who wish to make a further contribution, donations can be made directly to CareFlight here: [Donate to CareFlight](#)
