

Attachment A

Enhanced Technology/ Cellular PERS

Enhanced Technology/Cellular PERS provides personal emergency response service for consumers who do not have a traditional landline telephone. The consumer does not need a landline or a cell phone.

Cellular PERS functionality includes:

- ☐ Cellular capability that is built into the PERS unit, allowing emergency calls to go to the monitoring center by converting the signal to cellular.
- ☐ The consumer presses the help button and there is immediate response 24/7 via 2-way voice connection.
