1. **Students should wear red, white and blue. Jeans are allowed as long as no holes in them.**
2. At 6:15 band students should report to the cafeteria and all other students should report to their classrooms.
3. We will start in Church with the band performing first, followed by the singing portion of the night. We will then move to the Cafeteria for the MS Drama Play.

## Food Drive

The 3K/4K/5K students held a successful food drive last month.

Our last food drive of the year will be held the week of May 19th hosted by Campus Ministry. They are collecting canned carrots, canned mixed veggies, canned tuna, cereal and mac & cheese. Please bring your donation to the food barrel in the hallway leading to the lower grades by 9:00am on Friday, May 23rd. Thank you for your donations throughout the school year.

Congratulations to Julia R., 8th grade, and Abe E., 6th grade, on being selected as Kiwanis Student of the Year. Each year the Kiwanis Club selects a student from 6th and 8th grade who exemplifies the role of a good citizen in school and in the community. These students contribute positively to the welfare of others and have met criteria in leadership, academics, attitude, interest/pride in school and Community Service.

Congratulations Julia and Abe!

## Volunteers Needed

With the end of the year fast approaching, we have several events coming up that we will need volunteers for to help make them run smoothly. Please check your schedule and watch for information coming out shortly on how you can help and times.

End of the Year Picnic is Friday, May 30th. We will need help with set up and clean up.

Field Day is Monday, June 2nd. We are looking for 9-10 volunteers to help run a track and field event by taking time and saying when to start.

Mini Fest is Tuesday, June 3rd. We will need 12-15 (possibly more) volunteers. Volunteers are needed to run different activities - face painting, water relay race, water balloon launching, etc

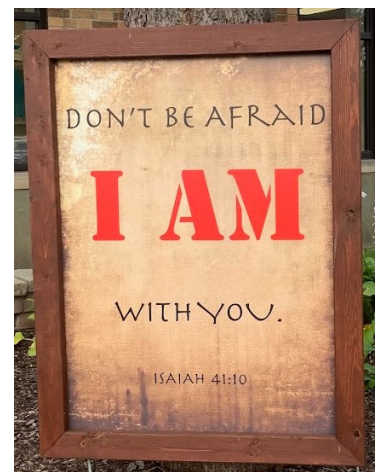

Our 3K and 4K friends were looking for the tire swing. They all had to run up to Mr. Brown and tell him it was missing.

We are in the process of having it replaced with a new and fun piece of equipment.

We are so close to our goal of 100 students for next year. Currently, we are at 98. Keep putting the words out there.

## Grandparents/VIP Day 2023

Attendees of Grandparents/VIP Day had a fun time while making memories. They attended Mass, did a craft, played bingo, students were able to show them their classroom and get their picture taken together. The morning ended back in church with a concert put on by the students.

We heard many nice comments about the day with one grandparent saying they loved the Mass and that it was the best one yet.

## Parishioners Day / May Crowning

Thank you to all the volunteers that made the breakfast so special for our parishioners. Whether you brought in items or served the food, it was appreciated by all attendees. Thank you to Mrs. Haddon for leading the students in song.

## 5K thru 4th Grade

The 5K thru 4th grade had two special visitors come to their class! They learned about chicks and how they grow. Thank you to Mrs. Richardson for sharing the adorable baby chicks with us!

## 3K/4K/5K

The Zoological Society visited St. Joe's and did a presentation called Critters Covers for the kindergartners. They were able to see up close so many interesting and cool items.

## 3K - Pattern Snakes

## 4K - Earth Day

## 4K

After reading the story "The Three Little Pigs," the students built houses using different materials to keep their pigs safe from the big bad wolf.

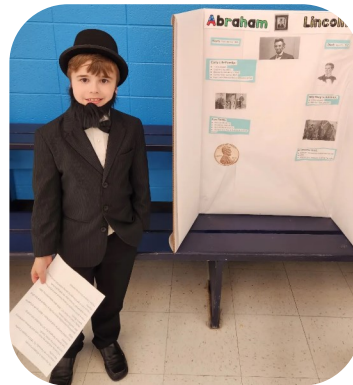

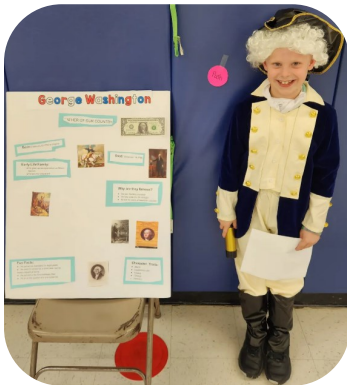

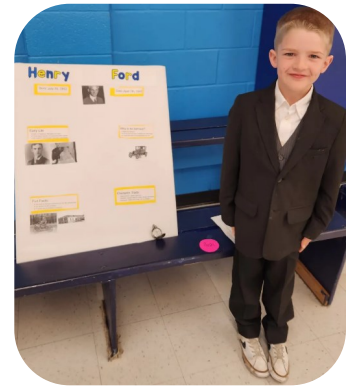

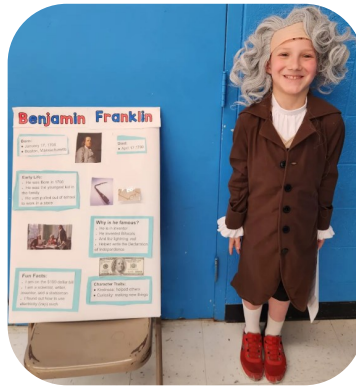

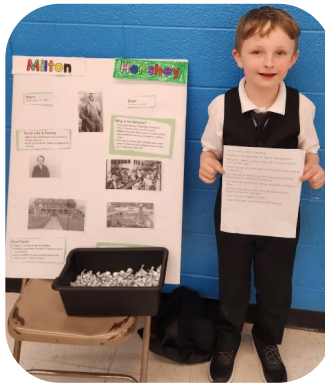

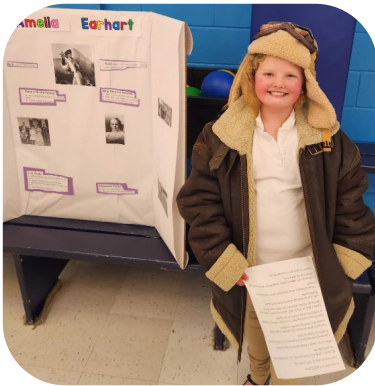

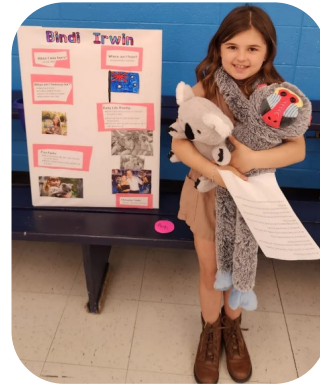

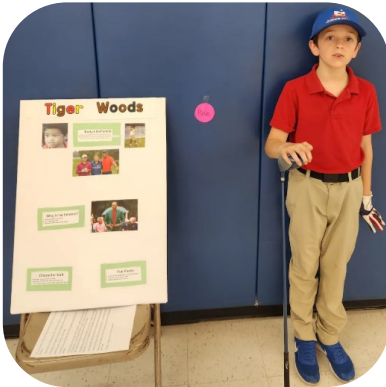

## 5K

## 2nd & 3rd - Living Museum

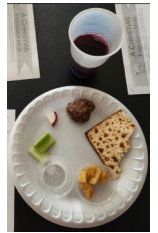

The students researched a famous person and created a presentation about their life. The students then dressed like the famous person and created a Living Museum for the rest of the school to come see!

## 2nd, 3rd & 4th Grades

The 2nd, 3rd and 4th graders participated in a Christian Passover meal and prayer service. They ate matza, a piece of radish, a piece of celery with salt, apples with cinnamon, a lamb meatball and grape juice. It was a way to celebrate the Last Supper and remember all Jesus did for us.

## 5th Grade

After studying the Apollo 11 mission the 5th graders were asked to design a lunar landing module that can land safely up to 3 feet high without ejecting the astronauts (sour patch kids candy). Every group's design was different and all were successful at meeting the challenge.

## 5th Grade

5th graders created the moon's phases using Oreo cookies. They recreated the waxing, waning full moon and new moon phases. They enjoyed this project and eating the project when it was completed.

## 7th & 8th Grades

Rehearsing for their spring play.
