

Stone Wall

Retaining Wall

PERFECTLY SUITED FOR:

- Walls below 600mm
- Terracing
- Straight Walls
- Planter Boxes

COLOUR RANGE

Charcoal

Beach Sand

Sahara

DETAILS

Stone Wall retaining wall system is a mid-sized block that can be used to easily build straight walls – either as a structural unit or a decorative piece. The Stone Wall blocks do not require any mortar for installation and can therefore be installed by even the most novice DIY people.

Each block features a durable, textured finish and is beveled on all four edges of the face for an elegant look.
