DISCOVER OUR CURRICULUM

A Place Where Faith and Education Unite

As you embark on the journey of choosing the right educational home for your child, we are thrilled to extend a warm welcome to King's Christian School. Our commitment to providing a nurturing environment that fosters spiritual, physical, social, cognitive, and emotional growth is reflected in each of our tailored curriculum programs. Join us on a tour as we explore the unique offerings of our preschool, elementary, middle school, and high school programs.

KCS Preschool

A Foundation of Wonder and Faith (Ages 2-5)

At the KCS Preschool, we understand the significance of these early years in shaping a child's worldview. As a result of this foundational learning experience, your child will develop social skills and a profound sense of wonder for God's world, an enjoyment of learning, a positive attitude toward school, and a life-long relationship with our Lord.

Elementary School

Safe, Celebratory, and Nurturing

Moving into our Elementary School program, KCS is dedicated to providing students with a safe environment that not only develops academic skills but also encourages spiritual growth, celebrates achievements, and nurtures individuality. We pride ourselves on offering a stable Christian school environment that complements home and church life, contributing to the overall well-being of the whole child.

Middle School

Exploration, Understanding, and Faith Formation

In our Middle School, we aim to create an environment where children can learn, explore, and understand the world through the lens of a biblical worldview. Our mission is to equip students to make a difference in their local church, community, and the world for Christ. We desire to prepare students to follow a lifestyle where they actively serve others, live out their faith, and affect change in those around them.

High School

Preparing for Success Beyond the Classroom

KCS is proud to offer a fully established High School program designed with college readiness at its core. Through strategic partnerships with Miami Dade College and Baptist University of Florida, students have the opportunity to earn college credits while in high school, gaining a strong academic advantage. In a Christ-centered environment, KCS fosters self-discipline, creative thinking, and strong character, equipping students academically, socially, physically, and spiritually for success in college and beyond.
