How can private settings offer the funding?

Building Blocks Nursery is open all year round, (except for a closure between Christmas and New Year (incl Christmas eve, bank holidays and 3 staff training afternoons), from 8.00 – 18.00. We ‘stretch’ funding across the year, meaning fewer funded hours per week but available year-round. To do this, we use the following calculation;

15 hours pr week x 38 weeks per year = 570hrs/ year

570 hours per year ÷ 51 weeks per year = 11.18hrs/ week* (*or 22.35 for 30 hours entitlement)

	2 days/ wk	3 days/ wk	4 days/ wk	5 days/wk
Accessible hrs/ wk (8.00-18.00)	20	30	40	50
15 hours funding/wk stretched	11.18	11.18	11.18	11.18
Chargeable hours	8.82hrs	18.82hrs	28.82hrs	38.32hrs
30 hours funding/wk stretched	14.90	22.35	22.35	22.35
Chargeable hours	5.1	7.65	17.65	27.65

Children need to attend at least 2 days/week to fully access their 15hrs stretched entitlement and 3 days/week to fully access their 30hrs stretched entitlement. In **Sessional Pre-School** and **Nursery School** ONLY children can access their full 15hrs entitlement between 9.15am – 12.15pm, Monday - Friday Term Time Only or for 30hrs entitlement in **Nursery School** ONLY, 9am – 3pm, Monday to Friday Term Time Only.

What ‘Funding’ Really Means

Despite being called ‘free childcare,’ government funding only covers basic early years education for 570 or 1,140 hours/year — not full-time care. But more importantly, **Building Blocks** nursery does not offer a ‘basic’ service. We believe in providing a rich, high-quality experience, far beyond what the government funding allows. Here’s **what’s not** covered by funding;

✗ Extra Hours

Most children attend more than the funded hours, additional hours are billed separately to meet families’ real-life childcare needs.

✗ Meal Times

We provide nutritious, home-cooked meals and snacks that support healthy development and valuable social skills as the children self-serve their meals. Parents/carers can provide their own food/snacks for the day (subject to our Food Policy) but this does not offer the same learning benefits.

✗ Enhanced Ratios

We provide enhanced ratios across all age-groups to support the individual needs of the children, staff development and trips/excursions.

✗ Essentials (Nappies, Wipes)

We supply these daily to save families the hassle because we understand the small things matter.

✗ Extra-Curricular Activities

Sports, Hartbeeps and Forest School classes foster social, emotional and physical development, all enriching your child’s experience beyond the standard curriculum.

✗ Trips, Excursions & Special Events/Visitors

Outings to farms, museums, National Trust Membership (along with the use of our nursery minibus), Special events and other enhanced learning experiences not directly covered by the EYFS requirements for example; The Bug Man, Living Things (chicks, butterflies) all enhance curiosity, independence and real-world learning.

✗ Premium Resources

We invest in durable, high-quality learning materials to inspire creativity and support every child’s developmental journey.

Even beyond the above, with our added commitment to delivering exceptional care, we choose to invest in services that keep your child safe, supported and thriving, such as;

- All staff trained in Paediatric First Aid — not just the minimum required.
- Eyeworks digital learning journals — for real-time updates and insights into your child’s day.
- Coded gates, key fob entry system, coded internal doors and web cameras in the classrooms/outdoors for top-level security and peace of mind.

How will the 15 hours and 30 hours funding be offered and allocated at **Building Blocks Nursery?**

Building Blocks Nursery has 5 packages in place to deliver funding as flexibly as possible, in line with operational guidance from the government and our Local Authority. Our Admissions Policy details how funded places will be allocated, as well as information about the complaints procedure relating to the offering of funded childcare.

Where fees are applicable, these are calculated pro rata and applied equally across all days, including bank holidays and other planned closures. This ensures each child’s funding entitlement is delivered only on the day/s they attend. Where parents/carers have opted to not make voluntary contributions, we are obliged to offer reasonable alternatives, which are detailed within the packages further below.

Headcount week and attendance

Headcount is the time when providers submit their funding claim for children taking up a funded place during that funding period.

Any parents/carers taking up Package 1 or 2 which all incur additional charges, should be aware their child must be in attendance at the nursery during 'headcount' week (with the exception of sickness or holiday absence). If a family has given notice for their child, and their last day falls prior to headcount, the setting will be unable to claim funding and full rates during that notice period would apply.

Any parent/carers taking up Package 3, 4 or 5 should be aware their child must be in attendance at the nursery during 'headcount' week (with the exception of sickness or holiday absence). If a parent/carer has accepted, but not taken up a fully funded place, their funded place may be withdrawn and offered to another family on the waiting list.

Building Blocks is responsible for monitoring attendance to ensure the government entitlement is being used effectively. If we find entitlement is being underused, for example frequent missed attendance, funding may be removed by the local authority and a child may lose their place at the setting without notice, and/ or parents/carers will incur full rate charges.

Paperwork and eligibility

Families are solely responsible for regularly updating their eligibility and supplying the nursery with any relevant codes on request. You must reconfirm your eligibility every 3 months. If you apply more than 3 months before the term starts you'll have to reconfirm your eligibility in your account to keep your code valid. If any code is invalid, the nursery is unable to claim funding and full fees will apply.

It is the responsibility of parents/carers to complete all required paperwork in a timely manner. Failure to do so may result in the withdrawal of funding, and full fees will apply.

Complaints Procedure for the Government Funded Entitlement

If you consider that your funded place has not been provided correctly or the terms of your contract have not been fully explained, then you should make a complaint, initially in writing, to Early Years Accounts, accounts@buildingblockschildcare.co.uk who will handle this directly. If you still do not get a satisfactory answer to your complaint within 4 weeks, then you may copy your complaint directly to the Nursery Owner philip@buildingblockschildcare.co.uk and you will receive a response within 2 weeks of it being received there.

If you still consider the complaint has not been dealt with satisfactorily then you may contact the Local Authority in which the setting operates and follow their complaints procedure. It is the responsibility of the Local Authority to ensure we are delivering our funded hours within the national guidelines and whilst we might not offer our funding in the way you might like to access it, the Local Authority can help you in finding a setting that might better suit your needs, if this is the cause of your complaint.

Ofsted are not concerned with, or have time to deal with, issues relating to funding or fee charges that are made for childcare or education. Their responsibilities lie clearly with the regulation and inspection of the welfare and safeguarding requirements and the children's learning and development. Any other complaints about funding should be made directly to the Ombudsman or Department for Education via gov.uk or your local MP.
