UNIVERSITY

Reminder! At the end of the day, June 25, 2025, the Trakstar (Mindflash) training platform will officially be switched to the new eXp University Training Platform.

What this means for you:

- ✓ All existing and current course content has been moved to the new eXp University site.
- ✓ Your completed courses will appear on your new training dashboard — no extra steps needed.
- ✓ Moving forward, the new [eXp University website](https://www.expuniversity.com/) is your home base for all things training.

If you haven't yet explored the new site, now's a great time to log in and check out what's waiting for you — a faster, smarter, and more powerful learning experience.

Thanks for growing with us. Let's keep leveling up 🚀

The eXp University Team
