

Firstly we would like to say a big thank you for all the kind messages during this very unsettling time. Each of us has to adapt and stay safe and we wish you and your families all the very best.

Please try and keep sending messages and pictures through Eylog and letting us know what you have been up to at home.

Nursery

Nursery children may like to go on walks with a checklist of the things they can listen to. For example birds, new born lambs, sheep and vehicles. As things are very quiet at the moment this is a great opportunity for children to really listen! You can then further your child's learning by incorporating what they have heard into a creative activity by using every day household items such as cotton wool to make a woolly sheep.

Whilst we are staying home this is also a good time to encourage your child to dress themselves and choose their own clothing!

For babies it is about messy and sensory activities to encourage exploration. Go on walks and take shoes and socks off on grass to feel the textures on their toes. Maybe collect some wild flowers for messy play etc

Pre School

Newsletter

Hopefully by now all the children should have received a video message from their key worker or back up key person. We would love to see what your children are getting up to at home, please keep sending in your pictures and observations. Thank you for the observations we have already received.

If we were in our normal Pre School routine our theme over the next couple of weeks would be phonics, rhyming and Easter. We thought it may be a good idea to play a phonic bingo at home with your family. Please see the information Miss Kirsty sent out before we closed regarding using Twinkl. Twinkl have some great ideas on phonic bingo, you don't have to print these out you can just make one up of your own. We would love to see how this goes.

With Easter approaching why not get creative with your children at home? How about making an Easter picture or even an Easter bonnet? Please send in pictures of your Easter creations.

Has anyone made any of the sensory activities that Kirsty sent out? Playdough or gloop? If you would like any more information or ideas on

Newsletter

sensory activities at home please just send us a message through Eylog and we can help.

We are aware over the coming weeks that you are due to find out which primary school your child has been allocated. We hope you are all pleased with the schools you get given. We would love to hear what school your child will be attending, so please let us know.

Your child's key workers will be preparing and completing 'Moving on forms' to give to your child's class teacher. These will still be shared with you, with your views added before they get given to school.

As ever your comments are very welcome, whether positive or bringing something to our attention, we would like to reassure you that Sally & Katie are always here to help. Please feel free to email us at any time.
